**TO:** LACCD Board of Trustees  
**FROM:** Chancellor Francisco C. Rodriguez, Ph.D.  
**DATE:** March 2, 2022  
**SUBJECT:** Chancellor's Monthly Report March 2022

~ ~ ~ ~ ~

The LACCD Chancellor's Monthly Report for March 2022 includes brief updates on the following:

- I. **Status on COVID-19 Public Health Emergency & District Recovery**
- II. **Update on the LACCD Enrollment**
- III. **Foundation for the Los Angeles Community Colleges**

**I. Status on COVID-19 Public Health Emergency & District Recovery**

March 2022 marks the official two-year anniversary for emergency declarations, including the District's, regarding the COVID-19 public health pandemic. This milestone coincides with significant declines in positive cases and hospitalizations related to the COVID-19 Omicron variant's winter surge, which, in turn, has prompted federal, state and local health officials to begin modifying health orders, including for masking.

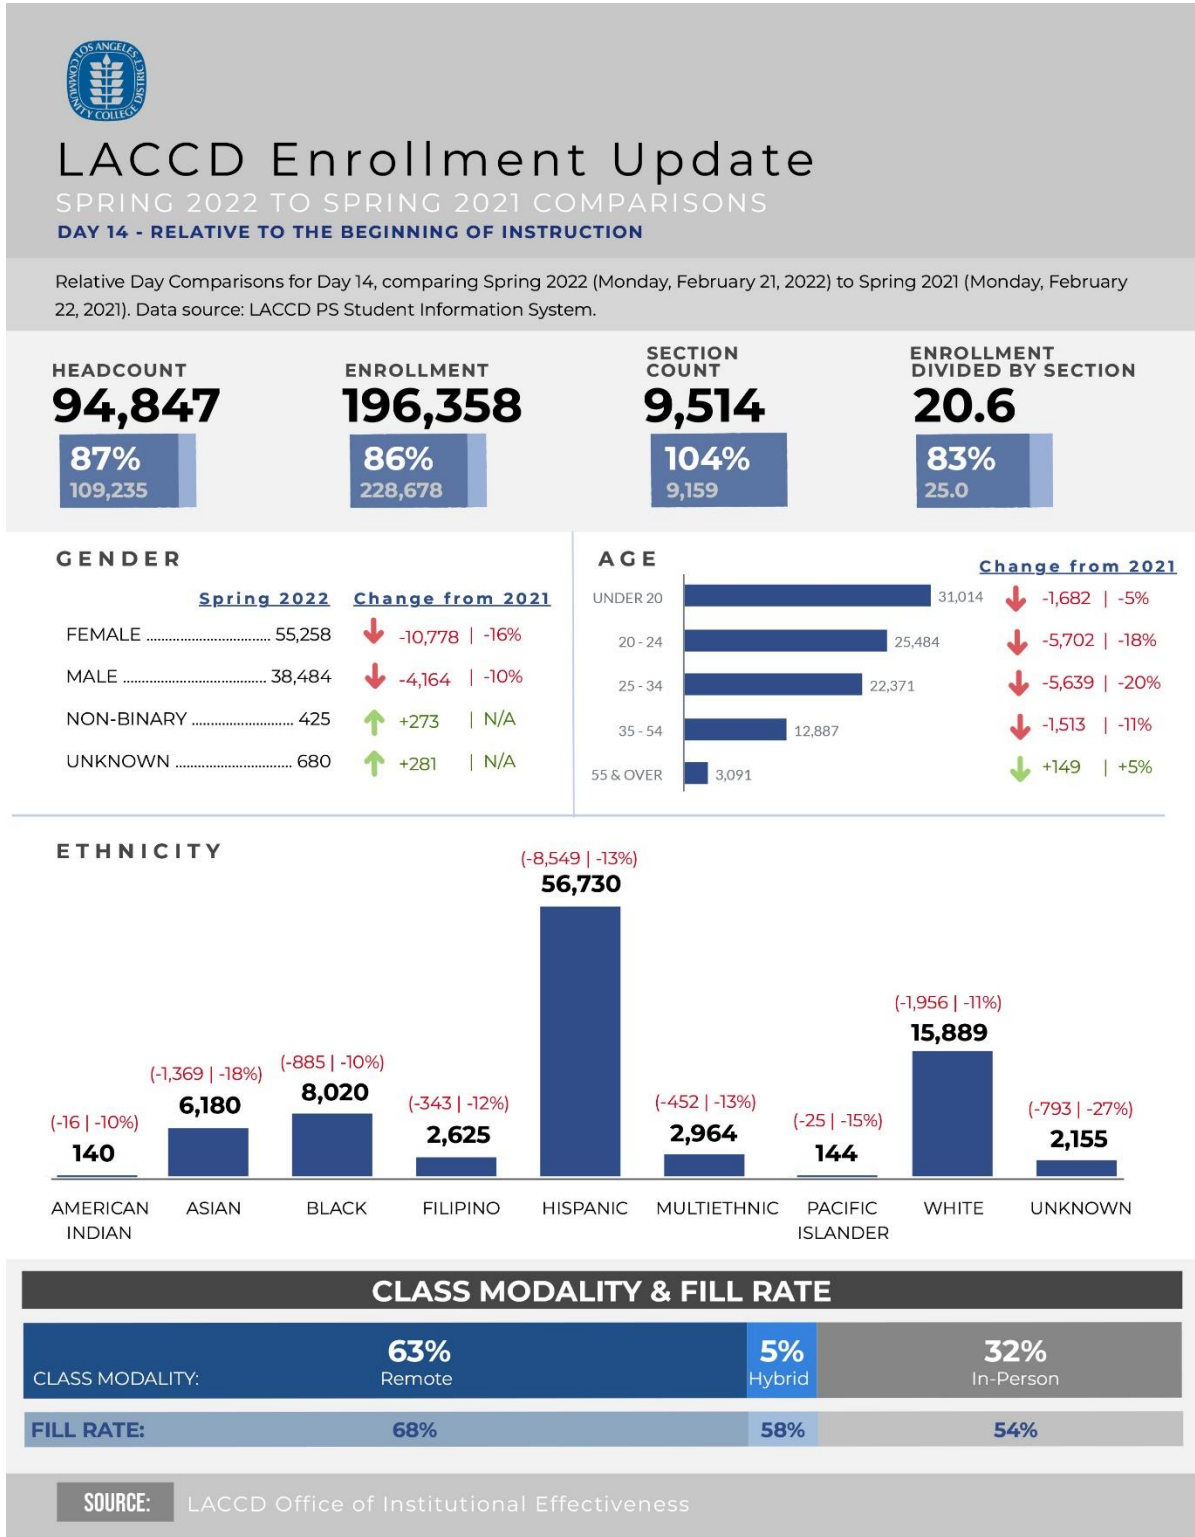

The District continues to closely monitor the changing situation and its Emergency Operations Center will begin looking (again) at the possibility of scaling back and/or demobilization plans per emergency management best practices. While conditions are changing for the better, it is important to note that there have been, to date, *no* declarations or timelines established by health officials for when the pandemic is over. The Chancellor plans to issue a special message later this month about the District during the two-year pandemic and moving forward. It should be noted that Board Policy 2800 for masking and Board Policy 2900 regarding vaccinations remain in place for employees and students until further notice.

The District continues to remind all employees and students to be up to date with their COVID-19 vaccines by getting a booster as soon as possible. Everyone is also reminded about the importance of self-care and mental health. If you are feeling concerned, anxious, upset (or if you know someone who is) and need to talk to someone, for any reason, you are encouraged to call the [Los Angeles County Department of Mental Health](#) which operates a free helpline, 24/7, at (800) 854-7771, or by sending a text message ("LA") to 741741. Additional information [is online](#). Remember, you are not alone.

[Free COVID-19 testing](#) remains available to all employees and students. Many of the colleges continue to host additional testing and/or vaccination/booster clinics for anyone. Details for the publicly accessible clinics are posted on the colleges' websites.

## II. Updates on LACCD Enrollment & Marketing

Enrollment information as provided by the District's Office of Institutional Effectiveness:

## Black History Month Marketing

The District's Communications Office and Elder Tree, our Agency of Record, collaborated with a series of full-page advertising in the *Los Angeles Times*, the *Los Angeles Sentinel* and the *Los Angeles Watts Times* newspapers recognizing Black History Month. The campaign with the *Sentinel*—the oldest, continuously published Black-owned newspaper of record in Los Angeles County—and the *Watts Times*, its sister publication, ran for three weeks and included website, social media and email blasts to subscribers. The students featured were recent graduates of Los Angeles Southwest College.
