REFERENCE: Board Rule 8100.13	TOPIC: Admission and Residence Classification of Non-Citizens
ISSUE DATE: October 1, 1986	INITIATED BY: Instructional and Student Support Services Division
CHANGES: All sections	DATE OF CHANGES: April 21, 2000

The Los Angeles Community Colleges will admit any non-citizen who is 18 years of age or a high school graduate. If non-citizens are present in the United States illegally or with any type of temporary visa, they will be classified as non-residents and charged non-resident tuition. If, for at least one year and one day prior to the start of the semester in question, a non-citizen has possessed any immigration status which allows him or her to live permanently in the United States and she or he meets the California residency requirements, the student can be classified as a resident.

The initial residency classification will be made at the time the student applies for admission. Students may file Supplemental Residency Questionnaire forms through the third week of the semester to request a review of their residency status. Final residency determination is made by the college Admissions Officer. Students may appeal the decision of the Admissions Officer in accordance with the District's Administrative Regulation E-71, "Residency Appeal Procedure".
