BUDGET AND FINANCE

7600. BUDGET POLICY. The annual Budget is the official document through which the District expresses its educational plan in terms of planned expenditures. The budget is a tool for obtaining the most efficient and effective utilization of the District's fiscal resources. This is accomplished by compiling a complete listing of the District's priorities to determine where funds may be used most advantageously. It should be realized that budgeting is, by necessity, a continuing process of monitoring, reviewing, evaluating, and adjusting.
