
WORKERS' COMPENSATION

The District provides [workers' compensation](#) to all employees, including student employees while on the job, as required by California statute. Coverage begins as soon as you are on the job and continues anytime you are working.

If you should become ill or injured on the job, you are:

- Entitled to first aid or emergency medical treatment, as necessary.
- Required to immediately report all occupational injuries or illness to your supervisor.

Pre-Designated Physician: In order to be treated by a physician of your choice, employees must submit a [Statement of Employee's Pre-Designated Physician and Consent](#) form to Risk Management, District Office, ***prior*** to the occurrence of an illness or injury. If you have not pre-designated your personal physician in writing prior to the date of an injury or illness, your initial medical treatment will be directed by a [physician and facility authorized by the District](#).
