I. POLICY

It is the duty of each College and Division to establish internal processing procedures that ensures newly hired employees submit all documents required to process their assignment within established timelines and guidelines.

II. DEFINITION

- **New Hire** is the procedure used to employ persons who have never worked at any location in the Los Angeles Community College District. Prospective new employees are those who have been offered and accepted a position but have not completed employment processing.

III. REQUIREMENTS

A. The new hire form requirements described in this guide are applicable to new hire personnel actions. Additional forms may be required for other specific types of assignments. When that situation occurs, the additional requirements are described in the applicable guide.

B. All new hires require compliance with District recruitment, selection, and employment processes detailed in HR Guide Section R-000 specific to service and employment category.

C. Pre-employment processing is required for all new employees regardless of employment service. Processing is performed on a decentralized basis at each college/division.

D. Department Heads are to:

   1. Initiate a Personnel Change Request (PCR) immediately upon the offer and acceptance of a position by a new employee. See HR Guide P-101 for details.

   2. Immediately send the prospective new employee to the location Personnel Office for processing and completion of forms indicated in Table P-110 below.

   3. Instruct the prospective employee to complete and submit all required forms and documents before beginning service to the District.

E. It is the responsibility of the hiring location to verify the accuracy and completeness of all forms and documents prior to submitting the new hire pre-employment packet to Human Resources, District Office for final processing.

   1. All required forms and documents are to be forwarded by the hiring location to the District Office at one time as a complete packet prior to the start of employment.
2. Incomplete data, missing forms and documents will often delay an employee’s warrant. Therefore, efforts to ensure accurate and timely processing are the responsibility of each hiring location.

3. In the event a new hire employee does not complete and submit all forms and documents required within the processing timelines indicated below, the location personnel office is to immediately send a reminder to the new employee and the new employee’s supervisor.

4. If within five (5) business days of the reminder, there is still no response, the location personnel office sends a copy of the reminder along with a request for assistance with obtaining compliance to the supervising administrator.

F. All new hires must also complete the fingerprinting process. See HR Guide P-111 for details.

G. All medical benefit eligible employees are to receive a benefit packet. See HR Guide B-200 for details.

H. New hire forms and the timeline allowed for completion are shown in Table P-110.

I. No assignment of a new hire is to be authorized for payment until all forms indicated in Table P-110 below are completed.
