

December 29, 2021

This message is being sent to all LACCD employees from the LACCD Emergency Operations Center (EOC). A separate, similar email will be sent to all LACCD students. Included here is a **revised COVID-19 testing schedule** for the Winter Session, effective January 4 to February 6, 2022. A brief update on the quickly changing situation as a result of the Omicron surge is also included.

### **Revised COVID-19 Testing Schedule January 4 to February 6, 2022**

A revised testing schedule is attached to this message to show **an extra day of testing at each site**. All nine colleges and the District will now have two days per week, per site, with free testing available only to employees and students. Please remember that you must use your Cleared4 account to make an appointment at any college or District location. **The free testing by Biocept at the colleges and District is for employees and students only**. If you have testing needs for family or household members who are not District employees or students, please use this [link to find a testing site](#) for them.

You must also use your Cleared4 account to complete the survey for every day that you intend to be in person at one of the colleges or District offices. You must complete the survey, obtain the QR code and then scan the QR code at the check-in station each time before you enter a college or District facility in person. All [visitors](#) must also do a self-check questionnaire prior to their in-person arrival.

### **Omicron And COVID-19 Status Update for District**

The rapid spread of the Omicron COVID-19 variant continues to impact our region as well as the nation with record numbers of cases and hospitalizations. You are urged to take all precautions to protect yourself and those around you. Your best protection is to be current on your vaccinations, including a booster when eligible. Omicron is highly contagious and it has significantly impacted year-end travel operations and public celebrations. Double check your own plans for changes.

As was previously announced, LACCD will move forward with its Winter Session, as planned, beginning January 4, 2022. Classes, student services and business operations will all continue to be offered without changes to the previously established schedules for a combination of in-person, remote and hybrid.

The LACCD EOC is closely monitoring the situation and is anticipating announcements soon from the Los Angeles County Department of Public Health regarding changes in Health Orders and directions for colleges and universities. There could be changes regarding: the type of masking to be worn; vaccination status and boosters; plus changes regarding times for quarantines. As soon as we have clear direction and updates to written Health Orders, we will share with you.

Remember to protect yourself with vaccination, booster and testing; proper use of facial coverings; frequent hand washing; social distancing; avoiding crowds or people whose vaccination status is unknown to you, and to stay home if you are sick for any reason.

COVID-19 Testing schedule for January 4 to February 6 follows.

School	Location	Monday	Tuesday	Wednesday	Thursday	Friday
<b>LACCD COVID-19 TESTING SCHEDULES JANUARY 4 - FEBRUARY 6, 2022</b>
