## Accreditation Progress Report Support

Language from Visiting Team Report

Planning	One time resources	\$24, 450 for an accreditation/ research expert consultant	Gap analysis that will assess where the college is currently and where it needs to be to meet planning, research and evaluation recommendations (2-7 and 9)	“The college develops and implements a comprehensive program of research and evaluation to support the assessment of student, program, and institutional learning outcomes.”
Research	One Time resources	\$50,000 for the accreditation/ research expert consultant to implement the plan, guide multiple research activities related to 8 of the 14 recommendations	To implement a comprehensive set of action steps that will complete the work for recommendations 2-7 and 9	“The College adopts mechanisms for assessing: student learning styles and needs, the alignment of instructional delivery and pedagogical approaches with student learning styles and needs and how instructional delivery and pedagogical approaches are related to achievement of student learning.”
Evaluation	One time resources	\$50,000 to support research analysts’ time to prepare a myriad of data sets that are disaggregated and address student achievement, outcomes, learning styles, metrics, distance learning, student services, transfer and degree/certificate attainment.	Provide data sets for analysis and evaluation reports on student achievement, learning styles, student learning outcomes, program learning outcomes, institutional learning outcomes, student services and the desired metrics for AY 13-14 and subsequent academic years.	“The college will assess the achievement and learning outcomes for the past five years and accelerate its efforts to assess outcomes in all courses, programs, degrees, certificates and assess how findings improved student learning and achievement of the college mission.”
