**2017 Student Success Scorecard Follow Up**

A document entitled "Follow Up on the 2017 Student Success Scorecard, February 21, 2018" was distributed.

Mr. Maury Pearl, Associate Vice Chancellor, Educational Programs and Institutional Effectiveness (EPIE) Division, indicated that the Committee requested at the last meeting two additional comparison groups to try to understand the comparability between the Los Angeles Community College District (LACCD) and other colleges that may be similar in the unprepared students' cohort. He continued to discuss the document regarding various components of the new categories: Statewide, excluding the LACCD and 2) Highly Unprepared.

A detailed question and answer session was conducted regarding the urgency to acquire student success for math and English courses in a higher level and the goal of AB 705 in achieving student success in an attempt to ensure that students are not placed into remedial courses that may delay their educational progress.

With respect to transfer level math (years 1 and 2), Trustee Moreno requested that the data be broken down by schools not by districts.

Mr. Pearl indicated that he would provide the information to the Committee.

**Adult Education Overview**
