STUDENTS, EVENTS, FACULTY AND ORGANIZATIONS

		Jan '14 - June '14	2014-15	2011-2015
Number of students reached		3,064	4,266	14,644
	Number of events	40	71	317
Number of faculty worked with		21	21	56
Number of organizations worked with		17	28	110

Legend

L-StEP	Labor Students Educating Peers - was an initiative in the 2011 DHLI strategic plan. In these events, faculty work with their classes and create a campus-wide labor educational event.
Simulations	Role-playing workshops in which students play different roles. Thus far, DHLI runs 3 simulations. A. Collective bargaining (students play roles of negotiators in a union contract negotiation). B. NLRB election (students role-play a townhall meeting where they must convince each other and vote on whether or not to choose to be represented by a union. C. 1934 Strike - students play the role of the different interest groups in the 1934 Longshore workers strike in San Francisco. They must decide on whether or not to support as community members, they will support the strike or not.
V&I	Voices and Images - Any event put together by DHLI staff, students, or faculty. In the past, the most common V&I events have been classroom guest-lecturers from the labor movement. They have also included campus-wide events. In 2014-15, DHLI did many events around the issues of wage theft and raising the minimum wage. Also on the gender pay gap in collaboration with 9to5. DHLI has also hosted one-man plays with Ian Ruskin and the Harry Bridges Project in collaboration with faculty at different campuses.
Training	in 2014-15, DHLI ran two public narrative trainings where students were taught how to use their personal stories to inspire their peers in their respective clubs, campuses and campaigns.
