Student Portal Overview

Procedure

Welcome to the New Student Portal for all LACCD Colleges!

We are currently upgrading the Student Information System (SIS) portal so that you have immediate and easy access to your information when you want it. The new PeopleSoft Campus Solutions student information system provides that. You will have access to and get:

- Personal notifications
- Ready access to your grades and schedule
- And other registration processes

This information can be viewed on either your computer or the mobile device of your choice.

This job aid will provide you with an overview of information in your new student portal.

<tr>
<td>1.</td>
<td>Enter mycollege.laccd.edu in the URL address field or click on your saved link. At the home page, enter your <strong>student ID</strong> (1) and <strong>password</strong> (2) into the appropriate fields. Click the <strong>Sign in</strong> button.</td>
</tr>
</tbody>
</table>
2. Your student portal home page provides a quick and easy view of your student information.

For the first phase of the new system, available information may be limited. This is dependent on information loaded into the system as well as the current phase of the new PeopleSoft release.

As each phase is released, you will find more information available with the balance of all information available by Summer 2017.
