Com. No. BT5. Resolution – In Support of Proposition 55, the “Children’s Education and Health Care Protection Act of 2016”
Trustee Hoffman requested that Proposition 55 be added to the title of this resolution.

Minutes – Annual Organizational and Regular Meeting - 6 - 7/13/16 4:00 p.m.
This amendment was accepted by Trustee Moreno.

Motion by Trustee Kamlager, seconded by Trustee Hoffman, to adopt Com. No. BT5. with the amended title as follows:

The following resolution is presented by Board Members Hoffman and Moreno:

WHEREAS, As during the Great Recession, California schools lost more than 30,000 certificated employees and thousands of classified employees to layoffs due to decreased revenue; and

WHEREAS, Thousands of other employees suffered pay cuts and furloughs; and

WHEREAS, Colleges and universities cut classes, laid off faculty and staff, and increased tuition and fees, pricing higher education out of the reach of many working families; and

WHEREAS, The Los Angeles Community College District’s ability to offer sufficient classes and adequate support services to meet the demand was hampered during this period due to the cancellation of more than 35,000 class sections and 17 winter intersessions, leading to 150,000 students being turned away, resulting in an unacceptable loss of student learning opportunities; and

WHEREAS, The passage of Proposition 30 in 2012 has made an enormous difference to counteract the massive layoffs and program cuts in public education suffered between 2008 and 2011 by restoring many of the personnel and programs; and

WHEREAS, Proposition 30 is a temporary tax, made up of a sales tax increase of one quarter of one percent, raising approximately one-sixth of the revenue, and an income tax increase on wealthy individuals making at least $250,000 per year or families making at least $500,000 per year, raising the other five-sixths of the revenue, totaling billions of dollars; and

WHEREAS, Proposition 30 sales tax revenues sunset in 2016, and income tax revenues on high-income earners expires in 2018; and

WHEREAS, If Proposition 30 revenues are allowed to expire, even in a recovering economy, the loss of funding support for public education will likely return schools and colleges to pre-Proposition 30 conditions, forcing layoffs, furloughs, pay cuts and program cuts once more; and

WHEREAS, The “Children’s Education and Health Care Protection Act of 2016” would extend the temporary income tax increases on wealthy Californians for an additional twelve years, while allowing the sales tax provisions of Proposition 30 to expire, making this extension a purely progressive tax, paid for by taxpayers well able to continue to afford the modest increase while benefiting all of public education; now, therefore, be it
RESOLVED, That the Board of Trustees of the Los Angeles Community College District hereby supports the “Children’s Education and Health Care Protection Act of 2016”; and be it further

RESOLVED, That the Los Angeles Community College District will join and work with supporters of the Act in the community on behalf of its passage; and be it finally

RESOLVED, That the Los Angeles Community College District will publicize this support throughout the community.

Com. No. BT6. Resolution – In Support of Assembly Bill 2155, Service Credit for Noncredit Career Development College Preparation (CDCP) Courses

Motion by Trustee Eng, seconded by Trustee Hoffman, to adopt Com. No. BT6. as follows:

The following resolution is presented by Board Members Hoffman, Eng, and Fong:

WHEREAS, Adult education faculty are currently required to serve a minimum of 25 hours per week of instructional time while credit faculty are required to serve 15 hours per week; and

WHEREAS, Funding for Career Development and College Preparation (CDCP) courses, which have traditionally been considered noncredit or adult education courses was equalized in the 2015 state budget to be funded at the same level as credit courses; and

WHEREAS, This allows community college districts, should they choose, to move credit courses into the CDCP course format which, for pedagogical reasons, benefits students; and

WHEREAS, Due to the difference in minimum hours, faculty would be required to increase their instructional time, while their work time outside of the classroom remained the same; and

WHEREAS, With the equalization of the funding level for CDCP and credit courses in the 2015 budget, many colleges are recognizing that there are pedagogical advantages to offering what were previously credit courses in the noncredit format that include the ability to accelerate the course and modularize the course, and the fact that CDCP courses do not have student fees; and

WHEREAS, As colleges seek to transition some of their credit offerings to CDCP courses, one of the barriers is the difference in instructional hour requirements for credit and noncredit faculty and that this bill would allow districts to maximize the ability of students to move from basic skills into college-level work or into the workforce; and

WHEREAS, This bill will lead to increased student readiness for the workforce and college-level work; now, therefore, be it
RESOLVED, That the Board of Trustees of the Los Angeles Community College District hereby supports Assembly Bill 2155, which would provide California community college districts the ability to equalize the minimum instructional hour requirements for credit courses and CDCP courses, should they so choose, through bargaining a lower instructional hour requirement for CDCP courses.

Com. No. BT7. Resolution – To Develop a Comprehensive Needs Assessment of LACCD Students

Motion by Trustee Eng, seconded by Trustee Hoffman, to adopt Com. No. BT7. as follows:

The following resolution is presented by Board Members Eng, Svonkin, and Kamlager:

WHEREAS, The Board of Trustees of the Los Angeles Community College District (LACCD) represents the interests of nine colleges spread out over 900 square miles with up to 225,000 students and 6,900 faculty and staff; and

WHEREAS, Our students live in 40 cities populated by approximately 5 million people, which is half the population of Los Angeles County; and

WHEREAS, The quality of life and living conditions in the County of Los Angeles directly impacts student success and the career path of the student body at our nine colleges; and

WHEREAS, Leaders of the County of Los Angeles and the cities within the County have voiced concerns about the needs of disadvantaged and underrepresented communities including the critical shortage of housing, homelessness, mental health treatment, access to public transportation; the need for more job training, and job placement; and

WHEREAS, These concerns directly impact our student body and their families, who live, work, study, serve, recreate, and/or commute within the County of Los Angeles, requiring the LACCD to work with partners, including other elected officials, public and private entities, and concerned residents, to seek local, regional, and statewide solutions to these concerns; and

WHEREAS, The Chancellor of the California State University (CSU) system and his administration recently released a comprehensive report indicating that one in ten CSU students is homeless and more than one in five is food insecure; and

WHEREAS, Understanding the needs of LACCD students is as important as understanding the needs of CSU students and an effective starting point for analyzing and meeting these needs is the collection of comprehensive and reliable data, which a needs assessment survey can provide; and
WHEREAS, The District already conducts surveys of students who have informed the District as to educational and career goals, reasons for attending a District college, challenges to academic success, immigration, first-generation and educational background, poverty, satisfaction with District services, academic experience, and campus security; and

WHEREAS, These surveys were not originally intended to elicit responses to comprehensively inform the District concerning housing and homelessness, food insecurity, transportation options, job placement, mental health, and other needs of the student body; now, therefore, be it

RESOLVED, That the District embark on a comprehensive needs assessment survey of the diverse student body using the best available sampling methods as the basis for making strategic and decisive decisions to provide services to our student body; and be it further

RESOLVED, That the Board of Trustees of the LACCD hereby directs the Chancellor and his administration to prepare and propose all reasonable options to obtain survey results in those aforementioned areas including methodology, timeline, and cost estimates as soon as possible; and be it further

RESOLVED, That the Board of Trustees of the LACCD considers it a high priority to conduct a comprehensive needs assessment survey of our diverse student body in order to better understand student needs and develop a plan to deliver more comprehensive services in the aforementioned areas; and be it further

RESOLVED, That such a needs assessment survey be completed no later than the start of the 2017 District Spring semester.
