OFFICE OF THE CHANCELLOR

Marshall 'Mark' Drummond, Chancellor

June 24, 2009

Members of the Board of Trustees
Los Angeles Community College District

In accordance with the approved 2009-2010 Budget Calendar, presented herein is the 2009-2010 Tentative Budget for your consideration and approval. This proposed budget is an initial budget developed based on the adopted Budget Allocation Model and through consultation with the Chancellor's Cabinet and the District Budget Committee.

The development of the district budget has been an evolving process. Since the district funding for general purposes depends on the state general revenue projections, the district budget development has initially been based on the State budget enacted February 2009. However, because the state budget deficit worsened to an additional \$24 billion, the Tentative Budget includes the estimated state revenue reductions based on the Governor's May Revise released on May 14, 2009.

The budget for district-wide services was reviewed and approved by the Chancellor's Cabinet and District Budget Committee. Budget Allocations are distributed based on the Board-adopted budget model, which allows colleges to retain their revenue, pays for centralized services, and funds set aside for the District contingency reserve.

The District's 2009-2010 Tentative Budget of \$1.92 billion reflects the following major budgets:

- Unrestricted General Fund revenue of \$562.6 million
- Restricted General Fund revenue of \$32.5 million for categorical and specially funded programs
- Bookstore Fund of \$40 million
- Building Fund (Prop. A, AA, and Measure J Bonds) of \$958 million
- Cafeteria Fund of \$3.2 million
- Child Development Centers Fund of \$3.3 million
- Student Financial Aid Fund of \$187.4 million
- Special Reserve Fund (State Funded Capital Outlay Projects) of \$138.2 million
- Debt Services Fund of \$5.8 million

The California Community College system must cope with \$939 million in cut from the Governor's May Revise State Budget proposal. The impact of the State Budget cuts on the Los Angeles Community District will devastate its educational offerings and support services. The District would lose \$79 million in state funding for two fiscal years: 2008-09 (\$21 million) and 2009-10 (\$58 million). These reductions

Page 2

equal more than 13.5%. Funding for categorical programs serving disabled students and economically disadvantaged students would be cut by more than 50% (\$27 million to \$34 million for two fiscal years).

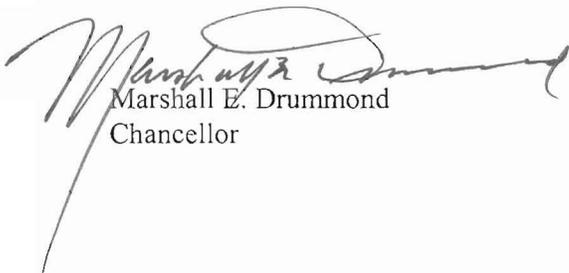

With these revenue losses, the District is projecting a \$15 million deficit in 2009-10. As early as November 2007, when the state began experiencing lower property tax and other state revenue shortfalls, the District took immediate actions to restrict hiring, out-of-state travel, and instituted early purchasing deadlines. During the fiscal year 2008-09, in addition, the District initiated targeted mid-year spending reduction for all colleges, reduced class offerings, reviewed funding for centralized functions and services, deferred 2008-09 OPEB contribution to CALPERS Trust account, and initiated self-insurance for dental and vision. The Emergency Response Task Force was set up to work with the District Budget Committee in addressing the budget shortfall.

To immediately mitigate the projected deficit, the District has imposed a 5% across-the-board cut to all colleges and district office. On May 27, 2009, the Board of Trustees also voted to cancel those summer sessions beginning on or after July 1. Budget review will continue examining additional cuts as well as seeking alternative revenues. These efforts have been aimed at slowing down spending in anticipation of further reductions in state funding.

We are following the budget negotiations now in progress in Sacramento and are prepared to revise our revenue projections in response to the state budget when it is resolved. Changes to the revenue projection will be reflected in the Final Budget document, scheduled for adoption on September 9, 2009. It is imperative that we continue to work with the Legislature, State Chancellor and community leaders to advocate more funding for community colleges.

Your attention is directed to the Overview section of this document which presents a discussion of the state's fiscal environment, our current revenue projections, and our concerns about appropriations. As is customary for this stage of budget development, appropriations reflect early District planning and, therefore, changes are expected before completion of the 2009-2010 Final Budget.

Respectfully submitted,

Marshall E. Drummond
Chancellor

EXECUTIVE SUMMARY

EXECUTIVE SUMMARY

The following is a brief summary of the District's 2009-2010 Tentative Budget with reference to a more detailed discussion in the body of the report.

- The State budget development for fiscal year 2009-2010 (Page 2).
- The 2009-2010 Tentative Budget for all funds is \$1.92 billion. This is \$243 million (11 %) below the current budget of \$2.18 billion as of April 30, 2009. The differences are principally due to a 5 percent reduction in the state general revenue, a 50 percent reductions in most of the state funded categorical programs, the Student Financial Aid and Specially Funded Programs which are not fully funded in the Tentative Budget, and the absence of restricted program balances to be carried forward from the 2008-2009 Fiscal Year (Page 13).
- The 2009-2010 General Fund is \$595.17 million, divided between unrestricted and restricted programs (Page 16).
- The Unrestricted General Fund budget which supports the principal operations of the District is \$562.6 million (Page 18). The remaining \$32.5 million are restricted to programs such as Federal Perkins, CalWORKs, Student Financial Aid Administration, DSPS, EOPS, Matriculation, Community Services, Parking, and Health Services, etc.
- The distribution of Unrestricted General Fund appropriations (Page 22 to 38).
- The distribution of Restricted General Fund appropriations (Page 39 to 46).
- The distribution of Other Funds appropriations (Page 47 to 60).

OVERVIEW

OVERVIEW

The 2009-2010 Tentative Budget totals \$1.92 billion and is distributed over eight funds (**Chart #1, Fund Summary**):

General Fund	596,303,176
Bookstore Fund	40,085,116
Cafeteria Fund	3,201,594
Child Development Fund	3,328,791
Student Financial Aid Fund	187,487,199
Special Reserve Fund	138,296,727
Debt Service Fund	5,860,000
Building Fund	<u>958,040,458</u>
Total Appropriations	\$1,932,603,061
Less: Intrafund Transfers	1,132,390*
Less: Interfund Transfers	<u>6,591,450</u>
Net Appropriations	<u>\$1,924,879,221</u>

The General Fund, which is the largest fund and supports the basic operations of the District, totals \$595.17 million (*net of intrafund transfers) and represents 30.9 percent of the total Tentative Budget.

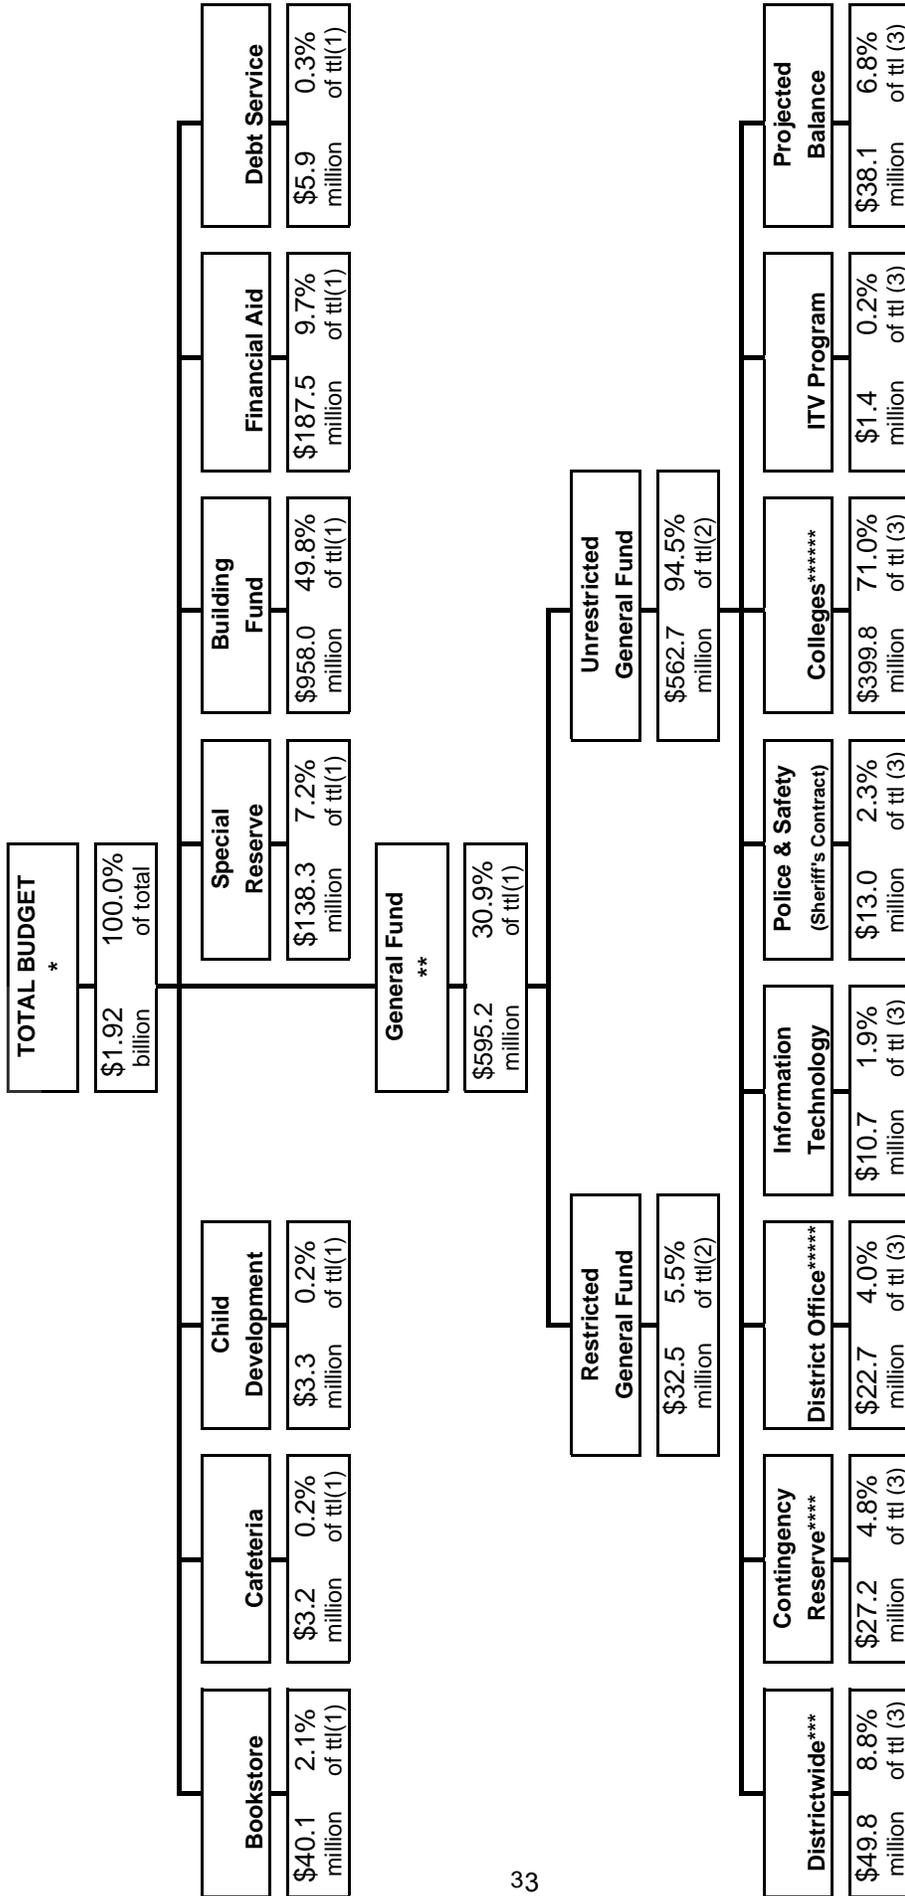

The General Fund is further divided into: 1) unrestricted programs and 2) restricted programs (i.e. federal, state and local categoricals). The Unrestricted General Fund, which represents funds and expenditures of which the District retains discretionary usage, totals \$562.7 million or 94.5 percent of the General Fund. As is customary, at this stage of budget development, student financial aid and most Federal specially funded programs are not fully included. The funds will be included as we develop the final 2009-2010 budget and as we receive funding during the fiscal year.

This Summary focuses primarily on the Unrestricted General Fund. Included are discussions on: 1) the State Budget Development, 2) the Impact of the State budget reductions on the District, 3) the District Budget Development.

STATE BUDGET DEVELOPMENT

On May 14, 2009, the Governor released two May Revise proposals to address the revenue shortfall estimated at \$15.4 billion if all the ballot measures on May 19, 2009 passed or \$21.3 billion if the ballot measures failed. Both proposals contained huge budget cuts to all segments of government. Because the Propositions failed in the May 19, 2009 election, the proposed cuts for

K-14 under Proposition 98 amounted to \$1.6 billion for fiscal year 2008-09, and \$3.7 billion for 2009-10. The proposed cuts to community colleges are \$939 million which would amount to approximately 15% reductions in funding. These cuts are devastating to the community college system. This would eliminate access for over 200,000 students and resulted to more than 50% budget cuts in categorical programs which provide student support services for disabled students and other economically disadvantaged students.

The Governor's May Revise Budget for 2009-2010 contains the following major budget items for community colleges:

1. An additional \$115 million in apportionment deferrals over the \$540 million already deferred payments until next year;
2. No cost-of-living adjustments;
3. One percent enrollment growth. However, the remainder of growth funds has been redirected to offset the projected \$116 million property tax shortfall in 2009-10;
4. \$85 million reduction in categorical programs, or 14.7 % decrease in funding for 2008-09;
5. \$334 million reduction in categorical programs or 53.5% decrease in funding for 2009-10;
6. A proposal to have the flexibility to transfer funds between categorical programs, similar to K-12 categorical flexibility, for 2008-09 and 2009-10 budget years.

The state budget shortfall is now estimated at \$24 billion. The Governor has announced further spending cuts to UC and CSU system, phasing out the CalGrant program, cutting the MediCal program, and eliminating the Healthy Families and CalWORKs programs.

At this time the Conference Committee is reviewing the Governor's proposals. Given the magnitude of the state budget deficit of \$24 billion, the community college system's budget will be cut accordingly.

IMPACT OF THE STATE BUDGET REDUCTIONS ON THE DISTRICT

As shown in the attachment below, the District will lose \$79 million over two fiscal years: 2008-09 and 2009-10.

As early as November 2007, when the state began experiencing lower property tax and other state revenue shortfalls, the District took immediate action to restrict hiring and out-of-state travel, and instituted early purchasing deadlines. In addition, during fiscal year 2008-09, the District initiated the targeted mid-year spending reduction for all colleges, reduced class offerings, reviewed funding for centralized functions and services, deferred 2008-09 OPEB contribution to CalPERS Trust account, and initiated self-insurance for dental and vision. The Chancellor also convened an Emergency Response Task Force to address the budget shortfall. All of these efforts were aimed at slowing down spending in anticipation of further reductions in state funding.

The Chancellor’s Emergency Response Task Force and District Budget Committee are currently working on solutions and recommendations to address the budget crisis. Changes to the state revenue are expected when the State budget is adopted. Budget adjustments will be incorporated in the District’s Final Budget for Board Adoption on September 9, 2009.

DISTRICT BUDGET DEVELOPMENT

The District's 2009-2010 budget development began early in November 2008 after the Board adopted the 2009-2010 Budget Development Calendar in October 2008. In December 2008, colleges and other operating locations provided their initially-projected dedicated revenue and centralized accounts budget. After the State budget was enacted on February 20, 2009, preliminary allocations were provided to all operating locations to begin working with their constituencies in developing their 2009-2010 Budget Operation Plans. During January 2009 through June 2009, the District Budget Committee and the Chancellor's Cabinet reviewed and approved the centralized accounts and the district office budgets for centralized services.

Due to the magnitude of the state budget cut, the District's Tentative Budget is developed and planned based on the Governor's May Revise Budget with a 5% budget reduction across-the-board for the Unrestricted General Fund allocation to each college, district office and centralized functions and services. Categorical state-funded programs such as DSPS, EOP&S, CARE, and Matriculation are budgeted at 50 percent of the 2008-09 base allocation. Student Financial Aid Administration is budgeted at 80 percent of the 2008-09 base allocation. CalWORKs programs are budgeted at 70 percent of the 2008-09 base allocation. State support has not yet been assured for Basic Skills, Economic Development, Career Technical Education, Physical Plant and Instructional Support, Staff/Faculty Diversity, Staff Development, Telecommunication and Technology Services, and Instructional Equipment programs. Capital Outlay and Deferred Maintenance state-funded projects budgeted at this time are on-going projects projected to be carried forward in the Final Budget.

REVENUE ASSUMPTIONS

The revenue assumptions, by which the 2009-2010 Tentative Budget is developed, are based on the following:

1. Projected State General Revenue is at \$477.39 million, which includes a 5 percent estimated state general revenue deficit anticipated from property tax shortfall and general apportionment deficit fully funded base.
2. No COLA or enrollment growth revenue is budgeted.
3. Apprenticeship income is projected at \$136,222.
4. Non-resident tuition is projected at \$9.3 million based on the rate of \$188 per unit.
5. \$4.42 million of part-time faculty compensation without reduction pending advance allocation release.

6. Lottery revenues are projected at \$15.5 million (\$146.06/FTES) based on 2008-2009 lottery revenue and enrollment projections.
7. Dedicated Revenue projections submitted by colleges at \$4.59 million.
8. Interest, "Other State", and "Other Local" income are projected to be the same as in the 2008-2009 Final Budget. These sources of income include interest earned on cash balances, state mandated costs revenue, and other miscellaneous fees such as jury duty, royalties, handling charges, discounts, etc.
9. A \$27.18 million (5%) Contingency Reserve is set aside for 2009-2010.
10. \$44.42 million of projected ending balance for the 2008-2009 Unrestricted General Fund.

Chart #2, Unrestricted General Fund Income and Appropriations, reflects these assumptions and compares them with 2007-08 income and the 2008-09 Final Budget and Current Budget as of April 30, 2009.

Under the adopted allocation model, all revenues are distributed to the colleges. **Chart #3**, 2009-10 Tentative Budget Allocation, Funds Available for 2009-10, Unrestricted General Fund, represents the projected revenue available for general operations.

APPROPRIATIONS

The distribution of funds available for appropriation was determined through the adopted District Budget Allocation Mechanism. Details of the allocation concepts and calculations are presented in **Appendix C**.

The Tentative Budget Allocations (Appropriations) are summarized by location in **Chart #4**, 2009-2010 Tentative Budget Allocation, Budget Allocation Comparison, Unrestricted General Fund. The total of \$562.67 million is \$41.36 million less than the 2008-09 Final Budget.

The Unrestricted General Fund budget of \$562.67 million represents about a 6.8 percent decrease from prior year. The decrease is due to a 5 percent reduction in state general revenues (\$25 million) and the reduction in the projected ending balance from \$60.36 million for 2007-08 to \$44.3 million for 2008-09. The District assumes that it will end the 2008-09 fiscal year with a \$44.43 million balance.

At this stage of budget development, all colleges have established their operating budgets and 5 percent across-the-board cuts have been applied to the college budgets.

Centralized programs and services are budgeted at \$49.9 million. **Chart #5**, Centralized Accounts Appropriations, shows the 2009-2010 Tentative Budget for centralized items compared with 2007-

08 expenditures and 2008-09 Current Budget. Funding for District-wide programs and services and District Office functions are based on the level of services and programs that will remain at the District-wide level.

Contingency Reserve is established at five percent (5%) of the Unrestricted General Fund Revenue.

SUMMARY

The 2009-2010 Budget will be adjusted to include state revenue corrections, 2008-2009 ending balances, open orders and any additional revenue adjustments for the Final Budget. The state funding adjustments may require the District to increase deeper cuts in its programs and services.

The District will experience challenges to provide solutions to balance its budgets in anticipation of more state revenue reductions. The District has eliminated Summer 2/2009 to reduce expenditures. More than 30,000 students registered for Summer 2 classes were turned away.

The Fiscal Emergency Response Task Force and the District Budget Committee are currently reviewing possible solutions and recommendations to address the budget deficit.

SUMMARY OF ALL FUNDS

Chart #6, SUMMARY OF ALL FUNDS, is provided to summarize the District's total budget by source of funding and major object of expenditure. It is provided for information purposes only, and the reader is reminded that separate fund categories are established to segregate and restrict monies. While transfers between fund categories are permitted, these transfers are subject to restriction according to the source of the funds or directive of the Board.

The reader will note that transfers are deducted from both revenues and appropriations in the total columns. This is done so that the funds transferred, either between fund categories (interfund transfers) or between the Unrestricted and Restricted General Funds (intrafund transfers), are not counted twice in the totals.

INCOME

- Federal Income: Federal income represents funds projected for Student Financial Aid programs, Federal Perkins (formerly VTEA) programs, and other federal specially funded programs. This funding source is more than the current 2008-2009 budget as of April 30, 2009 primarily due to increases in student federal financial aid grants. As is customary, other federally funded programs are conservatively estimated and not yet fully budgeted at this time.
- State Income: State income is less than in the current budget. Due to the current State budget crisis, state general revenue is reduced by 5 percent and categorical state-funded programs such as DSPS, EOP&S, CARE, and Matriculation are budgeted at 50 percent of the 2008-2009 budget. Student Financial Aid Administration is budgeted at 80 percent of the 2008-09 budget. CalWORKs programs are budgeted at 70 percent of the 2008-09 budget. State support has not yet been assured for Basic Skills, Economic Development, Career Technical Education, Physical Plant and Instructional Support, Staff/Faculty Diversity, Staff Development, Telecommunication and Technology Services, and Instructional Equipment programs. Capital Outlay and Deferred Maintenance state-funded projects budgeted at this time are on-going projects projected to be carried forward in the Final Budget.
- Local Tax: This source of funds has been revised to reflect current projections. Local property taxes are an element of the state funding formula (see Income section), and changes are offset against state apportionment.
- Other Local: Local income is decreased to reflect that specially funded programs funded by local agencies not budgeted at this time.

- Intrafund Transfer: This account reflects a transfer of funds from the Unrestricted General Fund to the Restricted General Fund to comply with mandatory matching requirements of federal and state programs. Additional transfers will be included in the Final Budget as program funding is confirmed.
- Interfund Transfer: This represents revenues received as a result of transfers between fund categories. The Cafeteria Fund and Child Development Fund receive an augmentation from the General Fund to support operations. The Special Reserve Fund receives funds from the General Fund for operations and matching fund requirements.
- Beginning Balance: The Restricted General Fund Balance is not reflected at this stage of budget development. When the books are closed for 2008-2009 and General Fund balances, both restricted and unrestricted, are determined, they will be updated and added.
- Ending Balance: The ending balance for each fund represents projected unexpended funds available for reappropriation.

APPROPRIATIONS

The Appropriations section contains a more complete comparison of appropriations by sub major commitment item object within each fund.

The distribution of funds among appropriation categories in the Restricted General Fund is not complete at the establishment of the Tentative Budget because funding for most restricted programs is awaiting final confirmation from the awarding agency and budgets are still under development.

GENERAL FUND INCOME AND BALANCES

The District's General Fund income and balances are categorized by income sources. The following discussion summarizes the General Fund by source of funds.

TOTAL GENERAL FUND

Funds of \$595.17 million available for appropriation in the General Fund (**Chart #7**) include unrestricted and restricted income. Unrestricted funds support the general operations of the District and may be appropriated with greater discretion by the governing board. Restricted funds, whatever the source, must be used in accordance with the guidelines provided either by statute, the funding agency, or the Board of Trustees.

- Beginning Balances represent unrestricted and restricted funds carried forward from the prior fiscal year. \$44.43 million for Unrestricted General Fund balance from 2008-2009 fiscal year is projected and included in the Tentative Budget. Location balances are not included until Final Budget after the fiscal year for 2008-2009 has ended.
- Incoming Transfers: There is no interfund transfer from other funds to the General Fund. Within the General Fund, however, transfer funds provide required matching fund support from the Unrestricted General Fund for Disabled Student Programs and Services (DSPS) and the Federal Work Study (FWS) program. Colleges may also choose to provide additional subsidies from their unrestricted operating budgets to fund other unrestricted/restricted programs. These transfers are called intrafund transfers as they occur within the General Fund.

Because intrafund transfers are shown in both the unrestricted programs where they originate and the restricted programs to which they go, the total General Fund is overstated by this amount of the transfer. Therefore, these intrafund transfers are subtracted from the General Fund total in order to show the actual amount available to support programs.

UNRESTRICTED GENERAL FUND

Chart #8 is a summary of Unrestricted General Fund Income by source of funds. State revenues make up the largest source of funds, followed by property tax revenue. However, the principal source of unrestricted income for the District is generated by student attendance. These funds, termed State General Revenues, total \$562.67 million. No COLA or growth is projected at this time.

- State General Revenue Income

The State General Revenue income projection is established by computing the District's prior year base funding and adjusting for inflation and growth.

State General Revenue income is derived from several sources (as reflected in Chart #8): State Apportionment, Tax Relief Subventions and Property Taxes, and 98 percent of the Enrollment Fee.

- Other Unrestricted Income

Lottery: Based on a \$/FTES for all FTES (as opposed to the funded FTES used in the General Revenue calculation). The current projection per FTES is \$146.06.

Other State: Includes state mandated cost reimbursement.

Interest Income: Represents income earned from the investment of surplus District cash by the County Treasurer.

Non-Resident Tuition: Represents fees of \$188/unit paid by non-residents of California.

Dedicated Revenue: Revenue arising from locally managed activities, identified with individual locations.

Other Local: Miscellaneous income from various sources.

RESTRICTED GENERAL FUND

Chart #9 is a summary of Restricted General Fund income budgeted to date. It is expected that the District will accept and appropriate additional federal and state categorical programs during the year.

- **Federal Income:** Federal Perkins (formerly VTEA) Programs comprise the largest separate category of programs from federal sources of income. "Other Federal" includes programs such as Veteran's Education, Higher Education Act, FSEOG, and Federal Work Study. These federal programs have not been accepted by the Board at this time.
- **State Categoricals:** The state supports a number of categorical programs designed to accomplish specific objectives. Primarily, there are Student Financial Aid Administration Programs, Extended Opportunities Programs and Services (EOPS), CARE, Disabled Students Programs and Services (DSPS), CalWORKs, TANF, and Matriculation.
- **Local Restricted Programs:** The primary restricted programs funded locally are Community Services, Parking, and Health Services. Community Services is restricted because statute does not allow the District to charge more than its costs. Parking and Health Services are supported by a fee and this revenue is restricted by the statute establishing the fee.
- **Beginning Balances:** Beginning balances represent projected unspent funds from the prior year that can be carried forward and spent within the program where they were generated.

Comments:

The Bookstore Fund generates income through sales and is augmented by interest income. The Fund comprises the bookstore operations of the nine colleges. The beginning balance includes reserves for inventory, improvement reserves, and individual college balances, which are required for the operation of the bookstores. For 2009-10, the requirement for colleges to reserve 3% of projected annual sales for the Campus Improvement and Inventory Reserves was suspended.

Comments:

On April 10, 2001, the District passed a \$1.245 billion General Obligation bond (Proposition A) to finance the construction, equipping and improvement of college and support facilities at the nine campuses of the District. On May 20, 2003, the District passed another General Obligation bond (Proposition AA) for \$980 million. These funds were for District and college debt, the District Office building, satellite locations, and capital outlay at the colleges. All authorized funds for both bonds have been issued as of 2008.

On November 4, 2008, the District passed a General Obligation bond (Measure J) for \$3.5 billion, for the construction, acquisition, furnishing, and equipping of District facilities. A first issuance of \$425 million was sold in 2009; however, only \$50 million is shown in the 2008-09 Current Budget in the chart above.

Comments:

Projected income from food and beverage sales and vending machines commission is budgeted at a level necessary to support projected costs. Historically, cafeteria operations have not produced sufficient sales to cover its costs, requiring support from the General Fund.

Comments:

Since 1980-81, the State Department of Education has provided funding for all community college child development centers. This method of funding is expected to continue indefinitely. While no specific rate of funding, i.e., per student allowances for child-hour rate, was established, a funding level was determined based upon the provisions for inflation. The amount of state funds shown represents the funding level established by the State Department of Education.

Projected parent fees total \$179,031. The program is augmented by college support through interfund transfers of \$1,141,450 from the General Fund.

APPENDICES

APPENDIX A

DEFINITIONS AND NOTES

Appropriation: An allocation of funds for a specified time and purpose; used synonymously with budget.

Budget: A plan of financial operation for a given period for specified purposes consisting of income, revenues and expenditures.

Debt Service: The Debt Service fund consists of both Debt Service funds and the State revenue bond repayment.

Income: Funds upon which appropriations are based. Revenue.

Intrafund Transfer: This refers to the transfer of funds between Unrestricted and Restricted programs of the General Fund, as opposed to interfund transfers, which are transfers between the General Fund and other funds. Intrafund transfers most often occur when additional support from Unrestricted programs is needed in Restricted programs -- i.e., in cases where District matching is required, or when a location wishes to expand a Restricted program beyond its funding. Additionally, income generated from specific dedicated revenue sources (e.g., Swap Meet) that is transferred to another unrestricted program requires an intrafund transfer. Transferring of funds between locations is also established via an intrafund transfer.

Restricted General Fund: The restricted portion of the General Fund (Fund Application 1) consists of Community Services (fund 10010), Student Health Services (fund 10135), Parking (fund 10145), Block Grants (Instructional Equipment) (funds 10116, 10125-10128, 10131-10133, 10141-10143, 10146-10150), Disabled Student Programs and Services (fund 10420), Matriculation (funds 10426-10428, 10430-10432), Staff Development (fund 10435), Staff Diversity (fund 10436), Management Information Systems (fund 10437), Equal Opportunity Programs and Services (funds 10486-10490, 10867-10869), Vocation Education Act (fund 10500-10599), and Other Specially Funded Programs.

Unallocated Funds: The Unallocated category in this document serves two purposes -- to establish a budget in specific programs for colleges which have not yet submitted an approved budget; and to indicate an estimate of 2009-2010 income and appropriations in Restricted programs, based on 2008-2009 data. Unallocated funds may not yet be reflected in the operating budget.

Unrestricted General Fund: The unrestricted portion of the General Fund (Fund Application 1) consists of Worker's Compensation (fund 10009), plus funds 10020 through 10299, excluding the programs listed under the definition of Restricted General Fund. The General Purpose budget is synonymous with the Unrestricted General Fund, except that Worker's Compensation is omitted from the General Purpose budget.

APPENDIX C
LOS ANGELES COMMUNITY COLLEGE DISTRICT
2009-2010
TENTATIVE BUDGET ALLOCATION
SB 361 ALLOCATION MECHANISM

PARAMETERS USED TO DETERMINE COLLEGE REVENUE

1. Base Revenue

- a. Base revenue shall be calculated using the SB 361 marginal funding rates. For fiscal year 2009-10, each college shall receive an annual basic allocation based on the following basic allocation base rate:
 - FTES \geq 20,000 \$4,428,727 large college
 - 10,000 \leq FTES $<$ 20,000 \$3,875,136 medium college
 - FTES $<$ 10,000 \$3,321,545 small college
 - In addition, to provide minimum funding for administration and maintenance and operation costs for colleges, the district shall set aside funds from Contingency Reserve to supplement each small college's basic allocation by \$553,591 to increase its basic allocation to \$3,875,136. The supplemental funding for basic allocation has been extended for an additional three years, until 2012 (FPRC, January 7, 2009). In addition, Los Angeles Trade-Technical College's basic allocation will be increased by \$500,000 for the next three years, subject to annual program productivity evaluation (FPRC, January 7, 2009).
- b. Credit Base Revenue shall be equal to the funded base credit FTES multiplied by the base rate of \$4,564.83 in the 2009-10 fiscal year; in subsequent years the base rate shall be the prior year rate plus inflation.
- c. Non-credit Base Revenue shall be equal to the funded base non-credit FTES multiplied by the base rate of \$2,744.96 in the 2009-10 fiscal year; in subsequent years the base rate shall be the prior year rate plus inflation.
- d. The career development and college preparation (CDCP) non-credit base revenue shall be equal to the funded base CDCP non-credit FTES multiplied by the base rate of \$3,232.07 in the 2009-10 fiscal year; in subsequent years the base rate shall be the prior year rate plus inflation.
- e. The base revenues for each college shall be the sum of the annual basic allocation, credit base revenue, non-credit base revenue, and CDCP non-credit base revenue.

2. COLA (cost of living adjustment) shall be distributed to colleges as specified in the State Apportionment notice.
3. Funded Growth Revenue for each college shall be calculated using the following method:
 - a. Determine the funded growth rate for each of the workload measures (Credit FTES, Non-credit FTES, and Career Development and College Preparation Noncredit FTES);
 - b. Identify and fund the lowest percentage growth equally among the colleges not to exceed a college's actual growth percentage;
 - c. Identify and fund the next lowest percentage growth equally among the colleges not to exceed a college's actual growth percentage;
 - d. Repeat step c until the total funded growth revenue is distributed.
4. Colleges experiencing an enrollment/FTES decline (to be determined when the First Principal Apportionment Recalculation becomes available) shall receive stability funding in the initial year of decrease in FTES in an amount equal to the revenue loss associated with the FTES reduction in that year. A college shall be entitled to a proportional restoration of any reduction in state base general revenue during the three years following the initial year of decline if there is a subsequent increase in FTES.
5. Non-Resident Tuition

Revenue shall be distributed to colleges based on projected tuition earnings and adjusted for actual.
6. Local Revenue and Other Federal and State Revenue (Dedicated Revenue)

Revenue that is directly generated by colleges shall be distributed to colleges based on college projections and adjusted for actual.
7. Lottery Revenue

Revenue shall be distributed to colleges based on the proportion of a college's prior year FTES over the total District FTES and adjusted for actual.
8. Interest and Other Federal, State, and Local Income Not Directly Generated By Colleges

Interest and other federal, state, and local income that is not directly generated by colleges shall be utilized to fund the District's reserves.

PARAMETERS FOR ALLOCATIONS

1. A college total budget shall be the sum of the adjusted base revenues; net of assessments for Centralized Accounts, District Office function, and Contingency Reserve; plus other revenue; minus budget for Sheriff's contract; minus college deficit payments; and plus balances.
2. The District shall maintain a District Contingency Reserve of 5% of total unrestricted general fund revenue at the centralized account level, and 1% of college revenue base allocation at the college level. Such a reserve shall be established to ensure the District's financial stability, to meet emergency situations or budget adjustments due to any revenue projection shortfalls during the fiscal year, and so that the District shall not be placed on the State "watch lists." Use of the reserve must be approved by the Board prior to any expenditure. Any Contingency Reserve balance will remain in reserve until a total reserve of 5% of unrestricted general fund revenue is attained.
3. Each college shall be assessed for Centralized Accounts and District Office functions costs based on the differentiated credit, noncredit, and enhanced non-credit (College Development and College Preparation) rates per FTES (including resident and nonresident FTES).
4. Additional funding received by the District after Final Budget, not directly attributable to an individual college, shall be distributed through the new allocation model as delineated in the Revenue Parameters above.
5. In the event that actual revenues are less than the amounts projected and allocated to colleges for the fiscal year, the college budgets will be recalculated and adjusted accordingly.
6. If a college experiences enrollment decline below its funded base FTES, its budget shall be reduced by its amount of advanced growth funds. In addition, its state general revenue base will be adjusted according to the state allocation model as indicated in Revenue Parameter #5.
7. Each college and the District Office shall retain its prior year ending balances including open orders. Open orders for ITV, District Office and Centralized Accounts shall be funded up to the available balances from these locations. Any uncommitted balances in ITV and Centralized Accounts shall be redistributed to colleges.
8. The college president is the authority for college matters within the parameters of law and Board operating policy. The college president shall be responsible for the successful operation and performance of the college.
9. College deficits are cumulative loans to be paid back. The accumulated loans will be on a three-year payback schedule beginning one year after incurring the deficit. Starting in 2009-2010, the loan repayments will be applied to the college budget allocations at year-end (P2 in June). Colleges with a deficit are mandated to have a program and budget review by the

Fiscal Policy & Review Committee. (FPRC, January 7, 2009)

10. Prior to Budget Preparation, the Presidents will make a recommendation on Centralized Accounts and District Office allocations to the District Budget Committee.
11. Prior to Budget Preparation, the Presidents will meet to forecast FTES and set goals to maximize revenues to be generated by the colleges.
12. Each operating location shall prepare a quarterly report to include annual projected expenditures and identify steps necessary to maintain a balanced budget.
13. The budget allocation will be recalculated using this mechanism at Final Budget, First Principal Apportionment (February), and at year-end.
