Call to Order at 1:38 p.m.

Approval of the Agenda (Pavlik/Rosow MSC): Agenda approved as amended: Added under “Old Business: By Laws”: adjunct hiring/procedures and policies for discussion. Added Noticed item regarding Canvas motion from DAS Exec to next DAS regular meeting. Rosow suggested that this is an emergency motion for Winter 2017 courses. Milke asked if there was a concern whether the campuses could act quickly enough to load Canvas shells automatically. J. Hernandez supported the motion that there should at least be an attempt to load courses automatically for Winter and Spring 2017. Immerblum supported the motion. Motion to add this Canvas language as an emergency item today (Rosow/J. Hernandez MSC): Motion was carried: Item is now on the agenda for a formal vote.

Approval of Minutes of October 13, 2016 Meeting (November 2016 meeting had been canceled) (Rosow/McMurray MSC). Abstention: Riesberg.

Public Speaker(s): Marvin Martinez (President, ELAC): Reported on the Board meeting on Wed., Dec. 7, 2016 (Sanctuary Campus designation, FON expectations); Mr. David Beaulieu (ELAC, retired)

Action Items:

1. Approve ASCCC Equivalency Paper (Sp. 2016) as guide for DAS Equivalency policies: Gauthier reported that the ASCCC Equivalency Paper had been approved by the DAS Equivalency Committee. (Miller/Pavlik MSC). Abstentions:
2. Approve recommended language change to BR X, Section III, Chancellor’s
   Evaluation:
   “The Board shall conduct an evaluation of the Chief Executive Officer of the
   District at least annually. Such evaluation shall comply with any requirements set
   forth in the contract of employment with the Chief Executive Officer of the
   District as well as this policy. The Board shall evaluate the Chief Executive Officer
   of the District using an evaluation process developed and jointly agreed to by the
   Board and the Chief Executive Officer of the District. The criteria for evaluation
   shall be based on board policy, the Chief Executive Officer of the District job
   description, and overall priorities developed in accordance with Board Policy
   XXXX.”
   (Milke/Pavlik MSC). Unanimous. Immerblum clarified that the “XXXX” in the
   language will be filled in with the correct policy number.

3. Approve Bylaws Change for DAS Academic Technology Committee: Motion to
   hold off vote until February 2017 to be considered in conjunction with bylaws
   language adding PDC (Rosow/Miller MSC): Unanimous. Brent noted that the PDC
   Steering Committee Charter was included with today’s handouts.

4. Emergency action: Approve Resolution on Deputy Vice-Chancellor Barrera
   retirement. Gauthier: There will be a gathering at ESC next month, organized by
   both Gauthier and Eloise Crippens. Motion to approve resolution in recognizing
   Deputy Vice Chancellor Barrera’s work and support on behalf of DAS with gift
   (J. Hernandez/Brent MSC): Unanimous. By acclamation.

5. Approve retirement of E-90 Approval of ITV Courses (Atondo/Rosow MSC).
   Unanimous.

Old Business:

   Gauthier: We cannot vote on this because we don’t have clean language yet
   from Cornner’s office. To Immerblum’s question if this delay would cause any
   problems, Atondo replied “no.” Gauthier said that this would now go to DAS
   Exec.

2. E-## Consultation: “Process for Districtwide Consultation”: Gauthier will discuss
   this potential E-Reg document with Cornner. The graphic on p. 4 of the
   document carves a space for an ad-hoc “conference committee” that resolves
   disputes. Gauthier reported that Cornner, Barrera, Waddell, Gauthier, and
   others had helped craft this document. Persons serving on each ad-hoc
   committee will change, depending on the issue at hand. Echeverri expressed
   concern as to who appoints members to the conference committee. Both J.
   Hernandez and Gauthier suggested that the documented still needed work.
   Gauthier asked senators to look at the document and to discuss at the individual
   campuses. Milke suggested adding a timeline to avoid problems that had come
   up with E-65.
3. E-115 on hold: Gauthier said that Dean Bobbi Kimble (Educational Support Services) was still out. E-115 relates to MQs.

5. Hiring policy of adjunct faculty:
   a. Miller: Motion to move discussion on hiring adjunct faculty to an ad-hoc conference committee that would insist that two people are sufficient to hire adjunct faculty (as per J. Hernandez’ amendment).
   b. J. Hernandez: Motion to amend Miller’s motion that adjunct hiring committees may exist with only two faculty committee members. Brent called the question on the amendment to the motion. Gauthier related that Alberto Roman will come back to talk with DAS. Vote on the Amendment: (J. Hernandez/Rosow MSC): Abstention: Riesberg, Miller. Given that anyone serving on a hiring committee should already have completed EEO training, Rosow asked for language that verified that hiring committee members had completed EEO training. Vote on the main motion: (Miller/Pavlik MSC): Unanimous.

6. Motion to accept the DAS Exec resolution on all-faculty access to Canvas (emergency motion):
   This motion was previously passed at DAS Exec on Nov. 18, 2016, and forward to the general DAS Senate for consideration today. At issue is whether the DAS should require that faculty use Canvas, even though the AFT contract does not make this requirement. Pavlik expressed hesitation on voting on this issue and instead suggested changing the language in the second Resolved (lines 113-114 above): “Resolved that the DAS encourage the District to create a process for the automatic distribution of Canvas shells to all faculty in the LACCD, recognizing local processes.” Pavlik asked to discuss this issue first with her local DE process. Miller disagreed with the motion because it is silent on the contract language and suggested that any language that does not explicitly support contract language implicitly violates the contract. J. Hernandez reminded everyone that the AFT position on this issue is a working position. Canvas training would require volunteer time by adjunct faculty. J. Hernandez said that the language being considered was encouraging and suggested that it was not a good idea for the Senate to decide if the issue fell under the purview of the AFT; indeed, Etudes required training for its system’s users. Furthermore, J. Hernandez suggested that this issue was a labor issue. Saslow reported that the DE coordinator at Pierce supported the automatic loading of Canvas shells for all faculty. Beaulieu: Though we don’t want to encroach on labor issues, we also don’t want AFT to encroach on academic issues. Miller: The second Resolve is extremely important for people to consider; who at District will automatically load Canvas shells? Gauthier: District could still put in a classified person to load Canvas shells. Immerblum called the question. The motion reads as follows: “Resolution in Support of Faculty Access to the Canvas LMS Environment:
Whereas, in March 2014, the District Academic Senate and the DE Stakeholders selected the Canvas Learning Management System as the single LMS supported by the District;
Whereas, the Canvas LMS, when adopted by the District, provided for online instruction (fully-online and hybrid) as well as web-enhanced classes and information pages for faculty without additional charge;
Whereas, an important feature of the Canvas system was the ability for all faculty members to have an online presence on the District system regardless of their level of expertise, usage, or college in the LACCD to advertise their discipline, course taught, Student Learning Outcomes, and outlines of their courses;
Whereas, the current AFT contract (Article 40) specifies only “online course delivery” and by inference limits the demonstration of proficiency in an LMS to “faculty seeking to teach DL courses”; and,
Whereas, equal access to the Canvas LMS for all faculty regardless of modality (online, hybrid, or web-enhanced) is a significant aspect of academic freedom and faculty’s ability to reach students and enhance face-to-face learning as well as DL;
Resolved that the District Academic Senate support the use of the Canvas LMS by all District faculty, both full-time and adjunct, within the parameters of the AFT contract;
Resolved that the DAS encourage the District to create a process for the automatic distribution of Canvas shells to all faculty in the LACCD."

New Business

1. Sanctuary status resolution:
   LAVC Academic Senate Resolution in Support of Our Students
   “Whereas, the 2016 electoral season included divisive rhetoric targeted at women, LGBTQA people, persons with disabilities, Muslims and other religious minorities, immigrants, DACA students and people of color;
   Whereas, in light of the results of the 2016 election, we have witnessed our students expressing, in both public and private, confusion, anxiety, fear for their physical safety and well-being, and concerns about their individual rights, all of which may negatively impact the achievement of their educational goals;
   Whereas, the mission of our colleges is to serve and support all students to achieve student success, and the core value of this student focus requires us to address the needs of students in our actions, work harmoniously and show compassion;
   Whereas the American Association of University Professors has also endorsed a resolution urging ‘that all campus communities are welcoming and inclusive of all groups and ideas,’ and in ‘support’ of ‘sanctuary campuses;’
   And whereas, our DACA students are in distress and fearful of imminent deportations with the newly elected U.S. President, with this distress affecting their motivation to continue their education.
   Now Be It Resolved that within all possible parameters of allowed law, The Los Angeles Community College District (LACCD) will make every effort to guarantee
the privacy of immigrant students and pledge to not grant access to information that might, for the purpose of immigration enforcement alone, facilitate the arrest, interview, search, and/or surveillance of any member of the LACCD community, except insofar as conditions of ‘imminent risk’ may exist; and except as such action might be ordered by a court of law or legal officer;

Be it further resolved that the LACCD Board of Trustees adopt a public resolution declaring all LACCD schools to be sanctuary schools;

Be it further resolved that the LACCD Board of Trustees adopt a public resolution reaffirming our commitment to the principles articulated in the December 5, 2016 statement of the Chancellor of the California Community Colleges, which include:

• The LACCD schools are open to all students who meet the minimum requirements for admission, regardless of immigration status.

• The LACCD will not release any personally identifiable student information, including any data related to immigration status, without a judicial warrant, subpoena or court order, unless authorized by the student or required by law.

• The LACCD will not cooperate with any federal effort to create a registry of individuals based on any protected characteristics such as religion, national origin, race, or sexual orientation.

• Campus police departments should not detain, question or arrest any individual solely on the basis of (suspected) undocumented immigration status.

• No confidential student records should be released without a judicial warrant, subpoena or court order, unless authorized by the student or required by law.

• The LACCD will continue to advocate for educational opportunities for all students in the community college system, regardless of immigration status, at the state and federal level.

Be it further resolved that the LACCD Board of Trustees will issue a public statement in support of the continuation of DACA and will urge the President Elect, and all relevant branches of the federal government, to continue this vitally important program;

Be it further resolved that the LACCD Board of Trustees will, upon the passage of these resolutions, publicize this commitment in any and all media outlets available;

Finally, be it resolved that the LACCD Board of Trustees, upon the passage of these resolutions, will communicate this commitment to all of its students, faculty members, and staff.”

J. Hernandez: It’s very important for our faculty and students to know that the district supports its students. Hernandez supported adding a fourth Resolve that includes language regarding LACCD campuses as “sanctuary campuses,”
especially following the example of the language in a similar ELAC document. Riesberg suggested caution in using the language of “sanctuary” because there could be legal and financial repercussions. Rosow countered that, as the largest community college district in the nation, we would set a moral precedent. J. Hernandez: The reality of the “sanctuary” label is that it is symbolic; the campuses would not, in reality, break the law. Gauthier: If you had seen the faces of those student protestors at the Board meeting on Dec. 7, you would have seen that they were very worried and wanted to see the “sanctuary” wording. Echeverri suggested that we favor the AFT language in support of students: (Echeverri/Atondo MSC). Abstention: Riesberg.

2. DAS Exec elections 2017 – volunteers for the committee: Chair: Miller. Gauthier will not be running for another term as president, but may serve as Equivalency VP.

3. ASCCC Dues and Accountability: Immerblum: This was supposed to be noticed at the current meeting to vote on at the next meeting. If we don’t see where the money is being distributed, then maybe the DAS should not be distributing money after all. Pavlik noted that John Freitas had asked her to discuss the following points in today’s meeting: The second “Resolved” sounds confrontational. LACCD is one of the only districts that pays for all of its schools. Immerblum clarified by explaining that the $30,000 was broken up into smaller payments, which are based on the individual campuses. Pavlik continued: If we were to decide not to pay dues, what would be the repercussions on LACCD faculty who serve on state committees. Miller expressed interest in more transparency with regard to where the ASCCC annual dues are being spent. Milke suggested altering the language and softening its tone despite our need to know where the money is going. Pavlik reiterated her concern the repercussions if we don’t receive the requested budget. Immerblum suggested that the language suggests nothing other than DAS being allowed to review and discuss budget information. Immerblum: If individual campuses in the LACCD do not want to pay their dues, that may be another idea. Gauthier: When the ASCCC request their dues, they could submit their budget. Milke reminded the DAS that it has asked for the budget all along, but that the DAS was not receiving the requested information. Bruzzese affirmed that the ASCCC’s bookkeeping was chaotic. Motion to extend meeting by 10 minutes (Rosow/Immerblum MSC).
