Call to Order:

President Angela Echeverri called the meeting to order at 9:45 a.m.

Approval of the Agenda:
The agenda was adopted as amended to include a new item – Administrative Regulation E-113, Policy to Calculate Units (Passed by DCC 7/19/19) (Hernandez/Akl) M/S/P

Approval of the Minutes:
The minutes of the September 12, 2019 meeting were approved as amended (Hernandez/Akl) M/S/P

Public Speakers:

Interim Deputy Chancellor Melinda Nish reported that a new district Chief Information Officer, Carmen Lidz, was hired at the Vice Chancellor level and would start in November. At present, there are technology committees which are meeting, although
some only quarterly or sporadically, which do not interface with each other. It is
anticipated that the new vice chancellor will promote the meeting of those committees
and encourage their working together. Faculty participation is both encouraged and
expected. Committee composition was discussed briefly, and representation from
library faculty was encouraged. The expectation is that new technology which would
affect faculty would be reviewed, and that anything in the 10 + 1 would go to the DAS.
There was an example of new software (Cranium Café), currently being used by the
district, which was not vetted by any district body with faculty representation. A new
faculty co-chair for TPPC (Technology Planning and Policies Committee) is currently
being sought. DAS Vice President Naja El-Khoury recently stepped down as co-chair and
the other co-chair is no longer serving either. Pillado noted she could not find any
recent TPPC minutes on the website.

Action Items

Board Rule 6705: Academic Renewal (Passed unanimously by DCC 9/13/19)
MOTION: Refer back to DCC (District Curriculum Committee) for revision
(Hernandez/Kalustian) M/S/P

The intent of the Board Rule revision was to facilitate the removal of substandard
grades which students might have received in below-transfer-level English, Math, and
ESL courses. There were some aspects of these proposed changes which were
determined to be problematic. After discussion, the Senators voted to refer back to
DCC for revision.

Endorsement of the LACCD Articulation Officer White Paper, Fall 2019 update (Passed
unanimously by DCC 9/13/19)
(Atondo/Maddren) M/S/P
One typographical error was noted and amended.

Prerequisite Clearance Guidelines for courses with an English 101 prerequisite (Passed
unanimously by DCC 9/13/19)
(Atondo/Kalustian) M/S/P

Atondo explained that the intent of this change was to make sure that English 101-
equivalent courses taken outside the LACCD meet the IGETC (Intersegmental General
Education Transfer Curriculum) requirements for English 101. Such courses are to be
used for other classes (such as English 103) which have English 101 as a prerequisite.
However, if the English 101 equivalent class does not meet IGETC criteria, then the
student cannot use that class to transfer.

ECD Moratorium April 30, 2019 for eLumen Go-Live Fall 2020
(Atondo/Hernandez) M/S/P
Administrative Regulation E-113 – Policy to Calculate Units (Passed by DCC 7/19/19)
(Atondo/Kalustian) M/S/P

Reports

Officer Reports

* President

Echeverri’s September Board report is available in hard copy and will be distributed electronically; the October Board report will be available later. In September, the Board met at Harbor and approved a resolution to honor the EOPS (Extended Opportunity Programs and Services) program for its 50th anniversary. The trustees also approved a two-year $4 million-dollar marketing contract, which could be extended by the District for an additional three years (for a total of $10 million). The student trustee objected to the marketing agreement and noted that the firm selected (Interact Communications, Inc.) appears to lack the employee diversity and cultural sensitivity required to adequately target prospective students in the District. Echeverri mentioned that the Chancellor’s directive on AB 705 implementation to cancel all Fall 2019 English and Math classes which were more than two levels below transfer has likely hurt the District’s enrollment, which is down 2-3% this fall. She contended that a marketing campaign would not be very effective if the District is not offering the classes which the students want and need. The October Board meeting at City (celebrating its 90th anniversary) adjourned in memory of Mission College’s Curriculum Dean Darlene Montes, who died tragically in September. The Personnel Commission initiated “desk audits” of compliance officers, resulting in a reclassification to compliance investigators and suggested pay cuts. This item was strongly opposed by the affected employees and referred back to the Personnel Commission for revisions. Another agenda item which was pulled was a pay raise for Chancellor Rodriguez. Several students spoke against the pay raise, citing other needs that should be funded first.

In order to monitor the effects of AB 705 implementation, the District compiled census (at the end of week 2) student drop data in English, Math, and Statistics courses (page 21 of the packet). The drop rates for English and Statistics courses had not increased significantly by census. However, the overall drop rates for Math courses (particularly for Math 125, 134, 238, 245 and 260) are much higher this fall than in the previous year. In the fall of 2019 over 1,100 more students dropped their math classes by census than in the fall of 2018 (4,273 versus 3,170). There are concerns as to why these drop rates in Math classes are so high. One hypothesis is that students are entering these classes unprepared and/or are not receiving adequate support to be successful. Echeverri and others have heard anecdotal information to support this claim. By the end of the fall semester the District will have a clearer picture of the outcomes and success rates for Math, English, and Statistics courses. NetTutor (an online 24/7 tutoring service) utilization data was available on page 22 of the packet. Associate Vice Chancellor Maury
Pearl will continue to produce reports and Echeverri will forward to DAS members and other faculty. Overall LACCD enrollment is down 2-3% over last year. This is a significant drop since it reflects a steady decline over the past three years. It is a pivotal moment for the District since the period of being “held harmless” in the rollout of the Student-Centered Funding Formula (SCFF) will end after fiscal year 2020-2021. Based on the new formula, allocation will be based on enrollment (70%), equity (20%), and completion (10%). If enrollment is significantly down at the end of the held-harmless period, the District’s allocation will be decreased or “re-based” by a large amount. The Chancellor has already stated that the District will not be hiring many full-time faculty this year due to the recent enrollment declines. The District is reported to be 52 over FON (faculty obligation number).

* 1st Vice President
El-Khoury reported that the Equivalency Committee meets every second Monday of the month. The college senate presidents have been added to the email distribution list. The Equivalency Committee also updated their equivalency process flow chart (pages 24-26 of the packet). El-Khoury also announced that Discipline Day will be October 18, 2019 at L.A. Valley College. There will be a keynote speaker and breakout sessions.

* 2nd Vice President
Atondo reported that DCC is working on a number of proposed changes to administrative regulations. The eLumen migration was previously reported.

* Treasurer – no report

* Secretary
Brent asked the senate presidents to update any changes in representation to the DAS or to the PDC.

* Professional Development College
Brent reported on two successful seminars in September – one on AB 705 (facilitated by Dan Keller, district Curriculum Dean) and the other on The Brown Act and Parliamentary Procedure (facilitated by Professor Camille Goulet). A November seminar will focus on diversity in faculty hiring, and the March 2020 seminars will tackle multiple aspects of faculty leadership.

* Guided Pathways Committee – Charter and Membership
Braxton reported that the Guided Pathways (GP) Committee has met twice, and the district GP Coordinators meet weekly by phone with the college GP Coordinators. There will be four GP Summits this academic year – two in the fall and two in the spring. The Exec offered some suggestions on the charter. It is anticipated that charter and membership questions will be addressed shortly.
Task Force on E-100 (Criteria for Serving Students with Disabilities) and Board Rules

Alignment Project

Freitas reported that the E-100 task force has met twice, and will meet with the DSPS coordinators at their meeting on October 11, 2019. Members of the task force will focus on program mapping of E-100 and Title 5, then compare the two. There is agreement that accommodations cannot make fundamental alterations to curriculum contained in the course outline of record (COR), but that accommodations should likely be considered when the COR is being written. However, processes need to be streamlined, and we must make sure that they work for students. We must focus on academic and professional matters and also ensure that future revisions to E-100 go through DAS. The purpose of Board Rule review is to make sure that they align with the CCLC template. This template ensures that details remain in the administrative regulations and not in board rules.

District Budget Committee (DBC-ECDBC)

Hernandez reported that the October meeting of the District Budget Committee (DBC) will be cancelled. He also expressed his concern about enrollment and course offerings as well as a lack of reporting out and opportunities for dialogue when DBC is cancelled.

Other College, Committees, and Task Force Reports – none

Discussion Items

Proposed Changes to Equivalency Approval Process (Recommended by Equivalency Committee 9/9/19) and HR Guide 101 (Faculty Equivalency Processes)

El-Khoury referred to the flow chart developed by the Equivalency Committee and stated that it was in alignment with documents from the State Chancellor’s Office and the ASCCC. The flow chart denotes the Equivalency Committee’s decision as final. Hernandez challenged the assertion that the Minimum Qualifications Handbook required that the Equivalency Committee be the final decision-maker.

It was noted that, previously, appeals could go to EPAC (the Educational Policy Advisory Committee). That committee has been dissolved, and some of its functions assumed by the DAS Exec. Echeverri referred to HR-R-101, Faculty Equivalency Process (pages 27 to 31 of the packet), and noted that it was outdated. This process needs to be revised by the DAS.

The AFT Faculty Guild is still pursuing a grievance over the fall 2019 Math and English class cancellations resulting from the Chancellor’s directive on AB 705. A PERB (Public Employee Relations Board) complaint and other options are also being explored by the Guild.

**Planning for Upcoming Events in 2019-2020**
