In accordance with Section 58305(c) of Title 5, California Code of Regulations, presented herein is the District's 2023-2024 Final Budget for your consideration and approval.

On July 10, 2023, Governor Gavin Newsom signed the 2023 Budget Act, totaling \$310.8 billion. The Budget Act, plus associated trailer bills, provides additional resources of roughly \$308.6 million to the California Community Colleges' apportionments and categorical programs.

The enacted 2023-2024 Budget Act is reflective of the state's projected budget deficit of \$31.5 billion, as State revenue projections face increased uncertainty due to the extension of the tax filing deadline to October and the increasing interest rate environment. As such, language has been included in the Budget Act that allows the Governor to delay one-time spending commitments in the event of further revenue declines.

The 2023-2024 Budget Act reflects stable total funding for the California Community Colleges, and includes \$678 million for a Cost of Living Allowance (COLA) of 8.22 percent for the SCFF, \$97.4 million for COLA of 8.22% for certain categorical programs, \$14 million in one-time funding for Workforce Training Grants, \$4.2 million for Equal Opportunity Programs, all offset by a \$490 million net decrease to prior year deferred maintenance funding, as well as a \$5.4 million net prior year decrease in retention and enrollment funding. Of particular note for LACCD is the inclusion of \$2.5 million in funding for the ELAC Entrepreneurship and Innovation Center and one-time funding of \$10 million per year, for three years, for the LGBTQ+ Pilot Program, both results of strong and effective LACCD advocacy efforts.

The enacted budget reaffirms the extension of the hold harmless provision in a modified form. The District's 2024-25 funding will represent its new "floor," below which state apportionment cannot drop. Starting in 2025-26, LACCD will be funded at the SCFF generated amount that year or our "floor" (2024-25 funding amount), whichever is higher.

The District's 2023-2024 Final Budget is based on the Student-Centered Funding Formula calculated revenue guarantee of \$741.9 million, plus COLA of 8.22 percent. In 2022-2023, the Board of Trustees approved an update to the District Allocation Model that better aligns with our equity minded approach. The allocation generated by this updated model was used to develop this year's Final Budget.

The development of the District’s 2023-2024 Final Budget has been an evolving process beginning with Governor Gavin Newsom’s proposed State Budget in January 2023 and the State Budget Development process through June 2023. The Final Budget also includes information submitted by each of the Colleges and the Educational Services Center. Each college, through its local participatory governance process, sets its own local budget priorities to meet its institutional goals and objectives, and is responsible for balancing its annual budget 2023 and the State Budget Development process through June 2023. The Final Budget also includes information submitted by each of the Colleges and the Educational Services Center. Each College, through its local participatory governance process, sets its own local budget priorities to meet its institutional goals and objectives, and is responsible for balancing its annual budget.

The District’s 2023-2024 Final Budget of \$10.4 billion for all funds reflects the following major budget areas:

- Building Fund (Prop. A, AA, J and Measure CC) \$ 8.5 billion
- Unrestricted General Fund \$ 1.1 billion
- Student Financial Aid Fund \$ 260.1 million
- Restricted General Fund (categorical and specially funded) \$ 434.2 million
- Special Reserve Fund (State Funded Capital Outlay Projects) \$ 152.4 million
- Bookstore Fund \$ 30.0 million
- Debt Services Fund \$ 7.6 million
- Child Development Centers Fund \$ 14.0 million
- Cafeteria Fund \$ 4.9 million

The District continues to maintain a minimum 6.5% General Reserve and a 3.5% Contingency Reserve, and a 2.0% Deferred Maintenance Fund, as mandated by LACCD Board Policy.

For 2023-2024, the District’s financial outlook remains stable under the current, state-adopted Student-Centered Funding Formula (SCFF), thanks to the current hold harmless provision. The District remains focused on increasing enrollments, retention and graduation of students, providing accessible, affordable higher education through our colleges, and maximizing the three funding streams of the SCFF that includes college access, equity and student success. In the long term, it is imperative for the District to increase enrollments, bolster access and equity, retain and graduate more students through improved course completions and the number of degrees and certificates granted, as well as generating more transfer students and achieving other progression and momentum points tied to student success.

Your attention is directed to the Overview section of this document that presents a more detailed discussion of the State’s fiscal environment, and the District’s current revenue projections and planned expenditures.

Respectfully,

Francisco C. Rodriguez, Ph.D.
Chancellor

Overview

Overview

The Final Budget for fiscal year 2023-2024, summarized in the following pages, has been revised from the Tentative Budget, which was adopted by the Board of Trustees on June 7, 2023, to reflect the State's budget, the District's 2022-2023 ending balances, and revised revenue projections generated by the colleges. The significant changes from Tentative Budget are due to 2022-2023 balances and open orders, and other allocation adjustments.

The Final Budget totals \$10.4 billion for the General Fund and other funds. The budget includes \$8.5 billion of Proposition A, AA, and Measure J, CC and LA bond funds to finance construction, provide equipment, and improve college facilities at the various campuses of the District.

The budget, as presented for final adoption by the Board of Trustees, is based on the state budget that includes the new Student Centered Funding Formula. The new funding formula includes a hold harmless provision through fiscal year 2024-25. This budget is based on the Student Centered Funding Formula calculated revenue guarantee of \$741.9 million state general revenues plus COLA of \$61.0 million, which includes \$49.4 million for the Educational Protection Fund (Proposition 30/55).

The following overview provides information on total funds available for each fund (**Chart #1**).

General Fund

The General Fund, which supports the basic operations of the District, totals \$1.5 billion and represents 14.4% of the total Final Budget.

The General Fund is further divided into 1) unrestricted programs and 2) restricted programs (i.e., federal, state, and local categorical programs). The Unrestricted General Fund, which represents those funds and expenditures over which the District retains the greatest flexibility, totals \$1.1 billion or 10.2% of the total budget.

This overview will focus primarily on the Unrestricted General Fund and will include a discussion of 1) State Budget Development, 2) Unrestricted General Fund revenue assumptions, 3) Appropriations, and 4) Restricted General Fund.

State Budget Development

On July 10, 2023, the Governor signed the \$310.8 billion 2023-2024 State Budget Act plus additional trailer bills that impact the California Community Colleges. The 2023-2024 State Budget includes a total investment in Proposition 98 of \$108.3 million. The 2023-24 budget provides total additional resources of roughly \$308.6 million to California Community Colleges apportionments and categorical programs.

Highlights of the 2023-2024 State Budget include:

1. COLA – 8.22% or \$678.0 million
2. \$97.4 million in COLA and adjustments for certain categorical programs
3. \$50 million in one-time funding to support retention and enrollment strategies, while reducing prior year funding by \$55.4 million
4. \$14 million in one-time funding for Workforce Training Grants
5. \$10.0 million in one-time funding for LGBTQ+ Pilot Program
6. \$4.2 million in one-time funding for Equal Employment Opportunity Programs
7. \$2.5 million in one-time funding for the ELAC Entrepreneurship and Innovation Center

Funding for existing state-funded categorical programs is currently at 80% to 95% of 2022-2023 guaranteed allocation levels based on the program. Budget adjustments will be incorporated during the year when the State releases these funds.

District Budget Development

The District's 2023-2024 budget development began early in November 2022 after the Board adopted the 2023-2024 Budget Development Calendar in October 2022. In December 2022, colleges and other operating locations provided their initially-projected dedicated revenue and centralized accounts budgets. In February 2023, after the Governor's proposed State budget was released on January 10, 2023, preliminary allocations were provided to all operating locations to begin working with their constituencies in developing their 2023-2024 Budget Operation Plans.

Year-end open order balances were added to the college budgets. As of September 5, 2023, the Final Budget was made available for public viewing. The 2023-2024 Final Budget reflects most of the projected additional funding from the State, including funding for the state-funded categorical programs.

Unrestricted General Fund

Chart #2, Projected Source of Funds, Unrestricted General Fund, identifies sources of revenue/income available for appropriation in the Unrestricted General Fund. Categories reflect those used in the District Budget Allocation Model provided in Appendix F.

Revenues were based on the following assumptions:

1. Base revenue for State General Revenue is projected at \$802.8 million, which includes \$49.4 million for the Education Protection Act fund (Proposition 30/55) and \$61.0 million in COLA.
2. Apprenticeship income is projected at \$33,455.
3. Non-resident tuition is projected at \$8.3 million based on the rate of \$342 per unit.
4. Part-time faculty compensation is projected at \$2.3 million.
5. Lottery revenues are projected at \$17.9 million (\$177/FTES) based on 2023-2024 lottery revenue and enrollment projections
6. On-Going State Mandate Block Grant is projected at \$3.5 million.
7. Dedicated Revenue projections, submitted by colleges, are at \$8.2 million.
8. "Other State" income is projected at \$8.5 million.
9. Full Time Faculty Hire Revenue is projected at \$13.4 million.
10. Interest and "Other Local" are projected at \$14.0 million. These sources of income include interest earned on cash balances and other miscellaneous fees such as jury duty, royalties, handling charges, discounts, etc.
11. 2022-2023 ending balance of \$187.0 million includes open orders of \$23.0 million, which are allocated to colleges and district-wide accounts (**Chart #3**).

The District ended the 2022-2023 year with an unrestricted ending balance of \$187.0 million, including funded open orders, which is \$4.2 million more than the 2021-2022 year (\$182.9 million).

Appropriations

Appropriations represent the planned expenditures of total funds available. The distribution of the Unrestricted General Fund budget to colleges was determined by the adopted Budget Allocation mechanism. The budget allocations were developed based on consultation with the Cabinet and the District Budget Committee. **Chart #4**, 2023-2024 Final Budget - Unrestricted General Fund, provides the total 2023-2024 budget allocations distributed to each operating location, including balances and open orders.

The following provides a brief explanation of the changes to the appropriation categories noted in Chart #4:

1. College appropriations are at \$691.2 million, an increase of \$31.0 million from the prior year.
2. The Educational Services Center budget is funded at \$38.8 million and Information Technology is funded at \$21.5 million.
3. Total of Districtwide Accounts is \$150.0 million, and includes funded open orders and carried forward balances. Major Districtwide accounts include:
 - \$ 41.8 million for Districtwide Information Technology
 - \$ 30.7 million for Retiree Benefits
 - \$ 28.6 million for District Safety/Sheriff
 - \$ 11.5 million for Liability Insurance
 - \$ 5.1 million for Legal Expense
 - \$ 5.0 million for Workers' Compensation
 - \$ 4.5 million for Board Election
 - \$ 3.0 million for Insurance/Legal/Workers' Compensation Reserve
 - \$ 2.2 million for Districtwide Marketing
 - \$ 2.0 million for Central Financial Aid Unit
4. General Reserve is funded at \$57.1 million. It represents 6.5% of the Unrestricted General Fund revenue budget.
5. Contingency Reserve is funded at \$30.8 million. It represents 3.5% of the Unrestricted General Fund revenue budget.

Education Protection Act

Proposition 30, the Education Protection Act (EPA), was approved by voters in November 2012. This funding was slated to end on December 31, 2018, with the sales tax portion of the funding ending on December 31, 2016. On November 8, 2016, voters extended Proposition 30 for 12 additional years to 2030-31 through the passage of Proposition 55, the California Children's Educational and Health Care Protection Act. This measure extended the increased personal income tax rates for upper income earners, but did not extend the sales tax portion of Proposition 30. The restrictions attached to revenue generated from Proposition 55 remain the same as those attached to Proposition 30, namely these funds cannot be used for administrative costs. It is estimated that the District will receive approximately \$49.4 million and will use these funds for faculty salaries and benefits as reflected in **Chart #5**. See appendix E for detailed plans by college.

Restricted General Fund

The Restricted General Fund is the other budget category comprising the General Fund. The Restricted General Fund for the 2023-2024 fiscal year is \$434.2 million or 4.2% of the total budget.

The budget category of “Other SFP” is usually low at the adoption of the Final Budget due to the District’s historical practice of accepting federal program funds throughout the year.

Chart #6 summarizes restricted programs in the 2023-2024 Final Budget.

Other Funds

A discussion of income and appropriations of the other funds may be found in the latter section of this document titled “Other Funds”.

Summary

Summary of All Funds

Chart #7A & B, entitled "Summary of all Funds," describes the District's total budget by sources of funding and major objects of expenditure. These separate fund categories are established to segregate and restrict monies. While transfers between fund categories are permitted, such transfers are subject to restriction according to the source of the funds.

The reader will note that transfers are deducted from both revenues and appropriations in the total columns. This is done to avoid double counting when the funds are transferred, whether between fund categories (interfund transfers), between the Unrestricted and Restricted General Fund (intrafund transfers), or between programs or locations within the Unrestricted General Fund (intrafund transfers).

Income

- **Federal Income:** Federal income represents funds projected for Student Financial Aid programs, Federal Perkins program, and other federal specially funded programs. As is customary, additional federal program award augmentations will be made as financial aid programs are noticed from the funding sources.
- **State Income:** State income represents state general apportionment income, CalWORKs and TANF program income, Disabled Students Programs and Services (DSPS), Extended Opportunities Programs and Services (EOPS), Student Equity and Achievement (SEA), Strong Workforce, other categorical program income, Instructional Support Block Grants, child development centers income, capital outlay project income, and other specially funded state income. The categorical state funded programs such as DSPS, EOPS, CalWORKs, Strong Workforce, and Student Equity and Achievement are budgeted at 95% of the 2022-2023 budget. FKCE is budgeted at 93% of the 2022-2023 budget. Cooperative Agencies Resources for Education (CARE) and NextUp are budgeted at 90% and 70% of the 2022-2023 budget, respectively. Adjustments will be made to the budget allocation for these programs during the fiscal year when the State releases the funding for each program. Block grants for Physical Plant and Instructional Support are budgeted as allocated by the State. Income for capital outlay projects in the Special Reserve Fund is budgeted based on awarded and released construction phases.
- **Local Tax:** This source of funds includes secured tax, unsecured tax, and property tax shift from local governments to schools. The projected income reflects the current estimated collections from the Los Angeles County Treasurer's Office. Taxes are calculated as a portion of the state general revenue.
- **Other Local:** Other local income includes college dedicated revenue, student fees, and other miscellaneous local income.
- **Intrafund Transfer:** This account reflects a transfer of funds from the Unrestricted General Fund to the Restricted General Fund to comply with mandatory matching requirements of federal and state programs.
- **Interfund Transfer:** This represents revenues received as a result of transfers between funds. The Special Reserve Fund, Cafeteria Fund, and Child Development Fund receive funds from the General Fund to support operations and projects.

- **Beginning Balance and Open Orders:** This reflects actual 2022-2023 ending balances and funded open orders.
- **Ending Balance:** All unrestricted general funds available are appropriated in the Final Budget.

General Fund Income

General Fund Income and Balances

The District's General Fund income and balances are categorized by income sources. The following discussion summarizes the General Fund by source of funds.

Total General Fund

Funds of \$1.5 billion available for appropriation in the General Fund (**Chart #8A & B**) include unrestricted and restricted income. Unrestricted funds support the general operations of the District and may be appropriated with greater discretion by the governing board. Restricted funds, whatever the source, must be used in accordance with the guidelines provided either by statute, the funding agency, or the Board of Trustees.

- Beginning Balances represent unrestricted and restricted funds carried forward from the prior fiscal year. Balances are the result of income received in excess of actual expenditures. They can include funds that are obligated (contractual agreements or purchase orders) or that are committed.
- Incoming Transfers: There are no interfund transfers from other funds to the General Fund. The Unrestricted General Fund contributes \$7.6 million to the post-retirement health benefit trust account (Debt Services Fund), \$0.7 million to support the Child Development Centers (Child Development Fund), \$17.579 million for deferred maintenance (Special Reserve Fund), \$0.5 million to support the Bookstore (Bookstore Fund), and \$0.2 million to support the Cafeteria (Cafeteria Fund). Within the General Fund, however, funds are provided for required matching fund support from the Unrestricted General Fund for Disabled Student Programs and Services (DSPS) and the Federal Work Study (FWS) program. Colleges may also choose to provide additional subsidies to restricted programs from their unrestricted operating budgets. In addition, funds are sometimes transferred from one program or location to another within the Unrestricted General Fund. These transfers are called intrafund transfers as they occur within the General Fund.

Because intrafund transfers are shown in both the originating programs or locations and the destination programs or locations, the total General Fund is overstated by this amount of the transfer. Therefore, these intrafund transfers are subtracted from the General Fund total in order to show the actual amount available to support programs.

Unrestricted General Fund

Chart #9 is a summary of the Unrestricted General Fund Income by source of funds. Apportionment (state revenue) constitutes the largest source of funds, followed by property tax revenue and enrollment fees. These funds, termed **State General Revenues**, total \$802.8 million, which also include \$49.4 million of the Education Protection Act (EPA) Fund, and make up 91.3% of the unrestricted fund revenue.

State General Revenue

General Revenues are determined by a state funding formula, which utilizes the workload measures of attendance and enrollment. The General Revenue projection is established by computation of the District's prior year base funding and adjustment for inflation and growth.

The General Revenue income is made up of several sources (as reflected in **Chart #2**): State Apportionment, Tax Relief Subventions, Local Tax Revenue, Education Protection Act (EPA) fund, and 98% of the Enrollment Fees.

Other Attendance Driven Income

- **Non-resident Tuition** fees are paid by non-resident students whose attendance is not eligible for state support. This income is projected at \$8.3 million. The non-resident rate of \$342 per unit is as adopted by the Board of Trustees for fiscal year 2023-2024.
- **Apprenticeship** funding is budgeted at the rate of \$9.98 per attendance hour, pending further State information. This program is located at Los Angeles Trade-Technical College.

Dedicated Revenue

Dedicated Revenue, which arises from locally managed activities identified at individual colleges, includes such items as traffic citations, library fines, two percent (2%) administrative allowance for enrollment fees, etc. This income is projected by the colleges as part of the budget development process.

Other Unrestricted Income

- **Lottery Revenue** is based on a \$/FTES for all FTES (as opposed to the funded FTES used in the General Revenue calculation). The current projection is at \$17.9 million (or \$177/FTES).
- **Other State** includes state-mandated cost reimbursement and Part-time Office hours reimbursements.
- **Interest Income** represents income earned from the investment by the County Treasurer of surplus District cash.
- **Other Local** represents miscellaneous income from various sources.
- **Beginning Balances** represent funds brought forward from the preceding year. Colleges retain their balances.

Restricted General Fund

Chart #10 is a summary of the Final Budget section of Restricted General Fund income budgeted to date. It is expected that the District will accept and appropriate additional federal and state categorical programs during the year.

- Federal Perkins Programs comprise the largest separate category of programs from federal sources of income. "Other Federal" includes programs such as Veterans Education, Higher Education Act, FSEOG, and Federal Work Study.
- State Categoricals: The State supports a number of categorical programs designed to accomplish specific objectives. Primarily, these are CalWORKs, Extended Opportunities Programs and Services (EOPS), Cooperative Agencies Resources for Education (CARE), Student Financial Aid Administration, Disabled Students Programs and Services (DSPS), Career & Technical Education, Strong Workforce, Student Equity and Achievement (SEA), and Block Grants for Physical Plant and Instructional Support. These funds are based on the projected advanced allocations by the State.
- Local Restricted Programs: The primary restricted programs funded locally are Community Services, Parking, and Health Services. Community Services is restricted because a statute does not allow the District to charge more than its costs. Parking and Health Services programs are supported by a fee and this revenue is restricted by the statute establishing the fee.
- Beginning Balances: Beginning balances represent unspent funds from the prior year that can be carried forward and spent within the program where they were generated. The following programs had balances:

Community Services Program	\$ 6,006,083
Health Services Program	\$ 4,184,208

Comments:

The Bookstore Fund generates income through sales. The Fund comprises the bookstore operations of the nine colleges. The beginning balance includes reserves for inventory, improvement reserves, and individual college balances, which are required for the operation of the bookstores. For 2023-24, the requirement for colleges to reserve 3% of projected annual sales for the Campus Improvement and Inventory Reserves continues to be suspended.

Comments:

On April 10, 2001, the District passed a \$1.245 billion General Obligation bond (Proposition A) to finance the construction, equipping and improvement of college and support facilities at the nine campuses of the District. On May 20, 2003, the District passed another General Obligation bond (Proposition AA) for \$980 million. These funds were for District and college debt, the Educational Services Center building, satellite locations, and capital outlay at the colleges. All authorized funds for both bonds have been issued as of 2008.

On November 4, 2008, the District passed a third General Obligation bond (Measure J) for \$3.5 billion and on November 8, 2016 the District passed a fourth General Obligation bond (Measure CC) for \$3.3 billion, for the construction, acquisition, furnishing, and equipping of District facilities.

On May 3, 2023 the District passed a fifth General Obligation Bond (Measure LA) for \$5.3 billion to finance infrastructure and technology upgrades, as well as increase Los Angeles Community College District's investment in sustainability, athletics facilities, and other improvements throughout the system.

Comments:

Projected income from food and beverage sales and vending machines commission is budgeted at a level necessary to support projected costs. Historically, cafeteria operations have not produced sufficient sales to cover its costs, requiring support from the General Fund.

Comments:

Since 1980-81, the State Department of Education has provided funding for all community college child development centers. This method of funding is expected to continue indefinitely. While no specific rate of funding (i.e., per student allowances for child-hour rate) was established, a funding level was determined based upon the provisions for inflation. The amount of state funds shown represents the funding level established by the State Department of Education.

Projected parent fees total \$105,619. The program is augmented by college support through interfund transfers of \$730,923 from the General Fund.

Appendices

Appendix A: Definitions & Notes

Appropriation: An allocation of funds for a specified time and purpose; used synonymously with budget.

Budget: A plan of financial operation for a given period for specified purposes consisting of income, revenues and expenditures.

Debt Service: The Debt Service fund consists of both Debt Service funds and the State revenue bond repayment.

Income: Funds upon which appropriations are based. Revenue.

Interfund Transfer: This account reflects a transfer of funds from the Unrestricted General Fund to the Restricted General Fund to comply with mandatory matching requirements of federal and state programs.

Intrafund Transfer: This refers to the transfer of funds between Unrestricted and Restricted programs of the General Fund, as opposed to interfund transfers, which are transfers between the General Fund and other funds. Intrafund transfers most often occur when additional support from Unrestricted programs is needed in Restricted programs -- i.e., in cases where District matching is required, or when a location wishes to expand a Restricted program beyond its funding. Additionally, income generated from specific dedicated revenue sources (e.g., Swap Meet) that is transferred to another unrestricted program requires an intrafund transfer. Transferring of funds between locations is also established via an intrafund transfer.

Restricted General Fund: The restricted portion of the General Fund (Fund Application 1) is used to account for resources available for the operation and support of the educational programs that are specifically restricted by laws, regulations, donors, or other outside agencies as to their expenditure. Funds are restricted based on the following funding sources or types: Federal, State, State Categorical, Local, and Board-mandated.

Unallocated Funds: The Unallocated category in this document serves two purposes -- to establish a budget in specific programs for colleges which have not yet submitted an approved budget; and to indicate an estimate of new year income and appropriations in Restricted programs based on prior year data. Unallocated funds may not yet be reflected in the operating budget.

Unrestricted General Fund: The unrestricted portion of the General Fund (Fund Application 1) consists of Worker's Compensation (fund 10009), plus funds 10020 through 10299, excluding the programs listed under the definition of Restricted General Fund. The General Purpose budget is synonymous with the Unrestricted General Fund, except that Worker's Compensation is omitted from the General Purpose budget.

Appendix B: Districtwide Accounts

A. Operating Budgets

Academic Senate – funding for District Academic Senate Operations and release time.

Accreditation – funding for assignments, contracts, travel expense, and other logistical support pertaining to accreditation efforts for the nine colleges.

African American Outreach Initiative – funds for promoting student success and retention among African American students.

Audit Expense – cost of annual and special audits.

Benefits-Retiree – cost of retirees' medical/dental benefits.

Central Financial Aid Unit (CFAU) – the Central Financial Aid Unit operates at the Educational Services Center and is associated with loan collection and districtwide financial aid administration.

Appendix F: 2023-2024 Final Budget Allocation Mechanism

In 2019-20, the Board approved a new District Allocation Model that better aligns with the new Student Centered Funding Formula. In 2022-23, this District Allocation Model was reviewed and updated with an equity minded approach and approved by the Board in July 2023. This updated District Budget Allocation Model has been used for the Final Budget Allocation.

Funding Principles

- Aligns with the State’s Student Centered Funding Formula (SCFF) in support of student access, equity and success.
- Allocation Model should be easily understood, fair and predictable.
- Recognizes there are core services and unique characteristics associated with a College regardless of size.
- Recognizes that there are Districtwide costs and Educational Service Center operations that must be funded.
- Balances will be retained by Colleges, Educational Service Center and Information Technology locations.
- Colleges are encouraged to collaborate and promote innovation with each other that will maximize student access and success.
- Apply an equity minded approach, as in the SCFF, recognizing college resources and student needs vary across the District.

I. Parameters Used to Determine State Apportionment Revenue

1. Base Allocation

The Base Allocation is the enrollment-based component of the State Student Centered Funding Formula (SCFF) and is the sum of the Basic Allocation funding (which is based on the number of colleges and centers in a district and its size) and the funding for enrollment in credit (utilizing a three-year average), noncredit, and career development and college preparation (CDCP) noncredit courses, as well as enrollment of special admit students and inmates in correctional facilities.

For fiscal year 2023-24, the basic allocation base rate is estimated to be:

- | | | |
|---------------------------|-------------|----------------|
| • FTES >= 20,000 | \$8,586,065 | large college |
| • 10,000 <= FTES < 20,000 | \$7,512,806 | medium college |

4. COLA

COLA (cost of living adjustment) will be distributed as specified in the State Apportionment notice.

5. College Growth

- Growth will not be budgeted until earned
- Earned College Growth is defined as the amount of SCFF apportionment calculated (adjusted for the minimum base allocation) in excess of the College hold harmless amount
- College Growth not resulting in additional revenue from the State will be paid out of the contingency reserve

II. Parameters to Allocate State Apportionment Revenue

1. Educational Services Center (ESC)

The District recognizes that there are certain services that are provided more efficiently through a central operation. Examples of these services include Human Resources, Payroll, Accounts Payable and Purchasing and Information Technology. Funding for the ESC will be determined by a percentage of LACCD Base Allocation determined by the state Student Centered Funding Formula (SCFF). During the hold harmless period of the SCFF, the allocation will be determined by the formula: Prior Year Allocation + Current Year COLA + Board Approved Adjustments +/- cost transfers from/to other locations. At the end of the hold harmless period, (currently 2024-25) a percentage will be established equal to the 2024-25 allocation amount (minus ending balance) divided by the 2024- 25 General Fund Unrestricted Revenue Final Budget (less

dedicated revenue). This percentage will be adjusted in subsequent years by any Board Approved Adjustments +/- cost transfers from/to other locations. Funding for the ESC will come off the top of the Base Allocation, the remaining Base Allocation will be proportionately reduced across all locations and shall be distributed to colleges based on their proportion of the Districts base allocation plus hold harmless amount. The percentage and methodology will be reviewed a few years after the SCFF funding floor is fully implemented.

2. Districtwide (Centralized) Accounts

There are annual expenditures which support the District as a whole or that cannot be easily broken out by college. Examples of these expenditures include Property & Liability Insurance, Legal, Audit, etc. Budgets in these accounts do not carryover but are replenished each year. Funding for the Districtwide Accounts is based on need, the Presidents will make budget recommendations on Districtwide Accounts to the District Budget Committee. Funding for the Districtwide Accounts will come off the top of the Base Allocation, the remaining Base Allocation will be proportionately reduced across all locations and shall be distributed to colleges based on their proportion of the District's funded FTES.

3. Other Districtwide Accounts

There are Districtwide projects and expenditures that are one time in nature that tend to take multiple years to complete. Budgets in these accounts carryover until project completion or are self-supporting operations. Examples of these expenditures include the President and Dean Academy, DAS professional college, DAS sustainability and Van de Kamp. Funding for these other Districtwide accounts come from one-time budget requests or from unique funding streams and does not come from the Base Allocation.

4. Reserves

The District shall maintain a District General Reserve of six and a half percent (6.5%) and a Contingency Reserve of three and a half percent (3.5%) of total unrestricted general fund revenue at the districtwide account level. Such reserves shall be established to ensure the District's financial stability, to meet emergency situations or budget adjustments due to any revenue projection shortfalls during the fiscal year. Use of the reserve must be approved by the Board prior to any expenditure. State Apportionment Base Allocation Revenue will be utilized to maintain the General Reserve (6.5%) and replenish the Contingency Reserve (3.5%).

5. College Set Asides

One percent (1.0%) of total college unrestricted allocation is to be set aside in the college budget to ensure College financial stability, to meet emergency situations or budget adjustments due to any revenue projection shortfalls during the fiscal year.

6. Other Set Asides

The District shall maintain a Deferred Maintenance fund, setting aside two percent (2.0%) of total unrestricted general fund revenue at the districtwide account level. State Apportionment Base Allocation Revenue will be utilized to establish the Deferred Maintenance fund each budget year.

7. College Allocation

a. College Minimum Base

To recognize that there are fixed expenses and core services associated with a College regardless of size, each College will receive an annual minimum base allocation determined by the following parameters:

- Minimum Administrative Staffing:
 1. (1) President;
 2. (3) Vice Presidents;
 3. (1) Institutional Research Dean;
 4. (1) Facilities Manager;
 5. Deans
 - a. (4) Deans => small colleges (FTES<10,000);
 - b. (8) Deans => medium colleges (FTES>=10,000 and <20,000);
 - c. (12) Deans => large colleges (FTES>=20,000).
- Maintenance and Operations costs based on average cost per gross square footage.

b. Remaining State Apportionment Allocation

The colleges shall receive 100 % of their earned Supplemental Allocation and 100% of their earned Student Success Allocation, as well as their proportional share of their earned amount of the remaining Base Allocation (after ESC/IT, Districtwide and Reserves).

c. Assessment Calculation

The proportionate share of the total allocated base plus hold harmless amount will be used to determine the college assessment.

III. Parameters to Allocate Other Revenue

1. Non-Resident Tuition/Enrollment Fees

Revenue shall be distributed to colleges based on college projections of tuition earnings.

2. Local Revenue and Other Federal and State Revenue (Dedicated Revenue)

Revenue that is directly generated by colleges shall be distributed to colleges based on college projections and adjusted for actual.

3. Lottery Revenue

Revenue shall be distributed to colleges based on the proportion of a college's prior year FTES over the total District FTES and adjusted for actual.

4. Interest and Other Federal, State, and Local Income Not Directly Generated by the Colleges.

Interest and other federal, state, and local income that is not directly generated by colleges shall be utilized to fund the District's reserves.

IV. Parameters for Allocations

1. A College total budget shall be the sum of the adjusted base allocation, 100% of the calculated supplemental allocation, 100% of the calculated student success allocation, plus other revenue; minus college deficit payments; plus, balances.
2. Additional funding received by the District after Final Budget, not directly attributable to an individual college, shall be distributed through the new allocation model as delineated in the Revenue Parameters above.
3. In the event that actual revenues are less than the amounts projected and allocated to colleges for the fiscal year, the college budgets will be recalculated and adjusted accordingly.
4. As the District is being 'held harmless' by the State, and will be held to a 'funding floor' in the future; Colleges will be 'held harmless' to the total of the prior year allocated State Apportionment Revenue.
5. The College 'hold harmless' amount will increase by State COLA if the District 'hold harmless' revenue also increases by the same.
6. The College 'funding floor' amount, currently scheduled to be implemented in 2025-26, will not increase by COLA.
7. Colleges shall keep their ending balances through fiscal year 2024-25. Beginning in 2025-26, colleges shall keep their year-end balance up to five (5%) of their prior year's Unrestricted General Fund budget, excluding prior year balances. Colleges are allowed to carry over their accumulated balances from fiscal year 2025-26 and subsequent fiscal years up to ten (10%) of their prior year Unrestricted General Fund budget.
8. Colleges with balances in the General Reserve will be allowed to use up to \$5 million or twenty five percent (25%) of that balance annually, whichever is less. Additional access is allowed with the Chancellor's approval.
9. The Educational Services Center (ESC) and Information Technology (IT) shall retain its prior year ending balance including open orders. Open orders for Educational Services Center/IT and Districtwide Accounts shall be funded up to the available balances from these locations. Any uncommitted balances in Districtwide Accounts shall be redistributed to colleges at the end of the fiscal year.

10. The college president is the authority for college matters within the parameters of law and Board operating policy. The college president shall be responsible for the successful operation and performance of the college.
11. During Budget Preparation, the Presidents will make a recommendation on Districtwide (Centralized) Accounts allocation to the District Budget Committee.
12. Prior to Budget Preparation, the Presidents will meet to forecast FTES and other metrics and set goals to maximize revenues to be generated by the colleges.
13. Each operating location shall prepare a quarterly report to include annual projected expenditures and identify steps necessary to maintain a balanced budget.
14. The budget allocation will be recalculated using this mechanism at Final Budget, First Principal Apportionment (February) and at year-end.
