CHANCELLOR'S

Monthly REPORT

July 10, 2024

Dear LACCD Colleagues:

Recently, the Human Resources Division updated the LACCD Equal Employment Opportunity (EEO) Plan, a plan that will be presented to our Board of Trustees on July 10, 2024. The EEO Plan broadens our focus on inclusion and equity and on building campus community. The various recommendations are intended to improve our recruitment and retention practices by investing in people, responsive policies and effective practices.

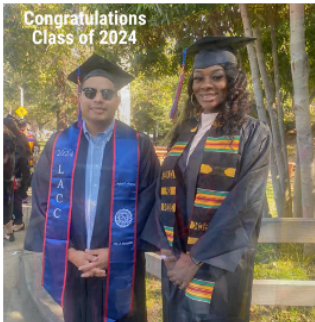

The updated EEO Plan will soon be available on our website for your review. We encourage all employees to familiarize themselves with the new provisions and to take advantage of the resources provided. We welcome all thoughts, comments, and participation in achieving our collective goals.

I thank the EEO Advisory Committee that collaborated on this document to ensure our future success fosters an inclusive work and learning environment where all employees feel valued and supported.

With respect and admiration,

LACCD Advocacy & Events

We continue to experience tremendous success with our advocacy efforts at the federal and state levels. At the federal level, our District and colleges have been selected for five federal Congressional Project Funding and Directed Spending Grants, totaling \$8.483 million in House Community Project Funding (CPF) and Senate Congressionally Directed Spending (CDS) requests. At the State level, we are proud to share that all four LACCD-sponsored bills [SB 895 - Roth, AB 2093 - Santiago, AB 2931 - Fong, and AB 3142 - Jones-Sawyer] have successfully advanced to fiscal Committees in the second House. In addition, AB 247 (Muratsuchi) K-14 Bond measure was signed by Acting Governor Mike McGuire on July 3. We will continue our aggressive advocacy efforts to ensure that our legislative priorities are passed and signed by the Governor.

Finally, we invite you to delve into the latest issue of our LACCD Advocacy newsletter, *Education Matters: Advocacy Brief*, which recaps all the exciting work LACCD has done in the first half of 2024.

Prof. Setka's Essay Published

An essay by Professor Stella Setka was recently published in a collection of works titled *The Specter and the Speculative - Afterlives and Archives in the African Diaspora*, published by Rutgers University Press. The essay collection engages in a critical conversation about how historical subjects and historical texts within the African Diaspora are re-fashioned, re-animated, and re-articulated, as well as parodied, nostalgized, and defamiliarized, to establish an "afterlife" for African Atlantic identities and narratives.
