Dear Students: The State Legislature considers numerous critical issues each year. Over the years, the Los Angeles Community College District (LACCD) has championed numerous legislative proposals to provide you with a first-class community college education. These decisions impact you, your family, and your community. For example, LACCD sponsored AB 19, AB 2, and AB 2266, authored by Assemblymember Miguel Santiago. These bills provided tuition-free education to all first-time, full-time, and returning students at the community college of their choice.

January 2026 is the start of the new legislative year. As we plan next year's legislative agenda, your input to inform this process is crucial to us. We would appreciate hearing from you if you have suggestions on how we can enhance your community college experience.

With this in mind, please take a moment to respond to the two questions below:

1. **POLICY CHANGE.** Please describe a legislative issue(s) that you would like to solve that will improve your community college experience:
2. Please describe your proposed solution that would address the problem:

We appreciate your input and participation in this process!

LACCD Legislative & Public Affairs Committee
