

LOS ANGELES COLLEGE PROMISE

The Los Angeles College Promise (LACP) serves first-time and returning, full-time, community college students with a comprehensive strategy designed to support them as they work towards completing a higher education degree and/or workforce certificate.

Research shows that full-time enrollment is a key factor in postsecondary student success—LACP makes this possible for more students. Important aspects of LACP are waived tuition for the first two years of college, priority enrollment, additional financial support, and a dedicated support team providing a wide array of academic and student support services.

◆ **LACP Benefits California and the Los Angeles Region By...** ◆

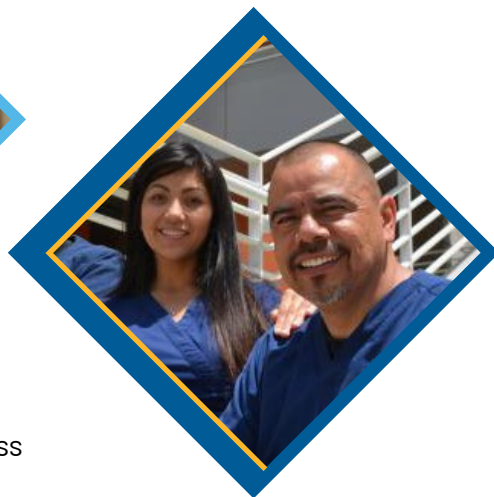

Increasing the number and rate of college-bound high school seniors.

Ensuring students achieve their educational goals.

Stimulating the economy by responding to the workforce readiness gap in California.

Did You Know? LACP students outperform their peers across all first-year milestones and consistently complete their educational goals at markedly higher rates!

Promise students across equity groups do consistently better than their non-promise peers.

More students apply for (and receive) federal and state financial aid because applying is a requirement for participating in the L.A. College Promise.

LACP STUDENTS ARE
